BITTER FIGHT TO BE WAGED

League of Pennsylvania Avenue Property Owners Is Formed.

THEY ARE ALL PROTESTING

Against the Payment of Assessments Under the Ordinance.

LEGAL COUNSEL ENGAGED

Though considerable has been said during the past year relative to probable action of the property holders who have been assessed for the improvement of Pennsylvania avenue, very little definite information has been gained on the subject. It is now known to a certainty that a bitter fight is to be waged against the enforcement of tne payment of the assessments.

Practically every property holder affected by the assessing ordinance has gone into a league to defeat the attempt to make them stand for the assessment and attorneys are now at work preparing a form of action. The report of the equalization board which was considered final was accepted a few weeks ago by council, and it is now up to the city to submit it to the county auditor. It is understood that an injunction will be asked to either restrain the city from submitting the the report to the auditor for the purpose of placing the amounts on the tax duplicate or to restrain the auditor from enforcing the collection of the same.

While the protest of the majority is that they should not have to pay any of the total assessment, because of the fact that the improvement was a benefit to all citizens, it is understood that the case will be fought on the grounds that there are certain adjacent property holders who have not been assessed a penny and that there are some who, it is claimed, have escaped with assessments not in conformity with those of the greater number. Those objecting for the latter reason will fight on the claim that an assessment cannot be made against property for more than 25 per cent of its listed value.

Some claim that they have been assessed even more than their property is worth. This will bring to a focus an important question—does the law in vogue at the time the ordinance was passed declaring the improvement necessary apply to the case or does the one now in force govern it? It is contended that the old law is the one upon which the fight will be based.

The objecting property holders contend that they should not be compelled to pay an assessment when property holders adjacent to the improvement, who were undoubtedly more benefited than any of the remainder, are exempt from any assesssment whatever. The attorneys have rested their side of the case on the action whereby the heirs of the Josiah Thompson estate were not assessed a penny, but there will be others brought into the defensive on practically the same grounds. The following is a copy of a statement prepared by the attorneys for the plaintiff, which contains the best causes for action:

"By referring to the minutes of the city council of July 13, 1897, you will find that W. L. Thompson, as executor of the estate of Josiah Thompson, deceased, made a proposition to the city where he agreed to give to the city certain real estate now forming a part of Pennsylvania avenue, upon condition, however, that certain real estate then belonging to said real estate and abutting on Pennsylvania avenue to be exempted from all taxes and assessments for the opening, widening, improving and paving of said avenue.

"We do not find that this proposition was ever formally accepted by the city, neither do we find that the city has obtained title to this real estate in any other way, hence we presume that by taking possession of this real estate it must have informally accepted said offer.

"On June 29, 1899, the executor of the estate of Josiah Thompson, deceased, executed a plat of an addition situated between Ravine street and the city reservoir, abutting on Pennsylvania avenue, but they made no dedication of Pennsylvania avenue, for any part thereof, on this plat. The plat of said addition is reported in plat book No. 5, page 3 of the records of plats of Columbiana county.

"The city at one time brought a proceeding in our probate court for the appropriation of certain real estate for the opening, widening and improving of Pennsylvania avenue and possibly made the executors of the Thompson estate party defendant; but, in any event, no money as damages were ever awarded the said executor for any land situated immediately in front of the lots hereinabove referred to.

"If this matter is, as we understand it, the only way that the city has ever obtained title to the real estate in front of said lots was by an informal acceptance of the offer above referred to, and in view of the foregoing we hereby respectively object to and protest against the payment of any and all taxes and assessments on the said real estate for said opening, widening and improving and paving of Pennsylvania avenue and ask that we be exempted from all such taxes and assessments."

DEATH REMOVED PROMINENT LADY

Mrs. Louisa Knowles Passed Away Shortly Before Noon Today.

WIDOW OF J. M. KNOWLES

Mrs. Louisa Knowles, widow of the late John M. Knowles, died at her home on Third street shortly after 11 o'clock this morning from an attack of heart trouble. Mrs. Knowles had been afflicted with heart affection for several years, and two weeks ago became ill. The attack was not more severe than those with which she had suffered on other occasions, and the family was not alarmed. Other complications set in, however, and on Tuesday of last week the attending physicians informed the members of the household that they might prepare for the worst. The lady has grown steadily worse, and passed peacefully away at the hour stated.

Mrs. Knowles, whose maiden name was Miss Louisa Rayen, was born at Millbrook, Pa., November 18, 1840. At the age of 19 she was united in marriage to William Morris, who died six years later after the family had moved to Johnston, Trumbull county, Ohio. Two children, Willard R., and William G. Morris, were born to this union, both of whom survive, and are residents of this city.

The family removed from Johnston to East Liverpool in 1872, and the same year Mrs. Morris married John M. Knowles, a prominent potter of this city. Mr. Knowles died December 13, 1899, after a life of usefulness and many achievements. He was a brother of the late Isaac M. Knowles, the pioneer pottery manufacturer, and like him, possessed innumerable praiseworthy traits and extraordinary business ability.

Mrs Knowles is survived by three children, Mrs. Robert Hobbs, of Chester; J. Charles Knowles and Miss Carrie Knowles, of this city. She was a conscientious Christian lady, having joined the Methodist Episcopal church in her early youth. Mrs. Knowles had a large number of friends in East Liverpool by whom she was held in the highest esteem. She was a loving wife, an affectionate mother and a most estimable lady.

Funeral arrangements have not yet been completed, but the services will be held Friday afternoon, with Dr. Pratt as the officiating clergyman.

NO DECISION IN WYMAN CASE

Judge Hole Not Yet Ready to State When He Will Announce His Finding.

Lisbon, December 1.—(Special.)—No decision will be given today in the Wyman case from East Liverpool, and Judge Hole does not yet know when he will be ready to decide the case. The court assignment for yesterday and today was passed, none of the cases being ready for trial and after hearing arguments in one case, and making a few journal entries Judge Hole adjourned court yesterday afternoon until 1 o'clock Wednesday.

Leaves for Washington.

Lisbon, December 1.—(Special.)—Ed A. King, secretary to Congressman James Kennedy, will leave Friday with his family for Washington, D. C.

THE POTTERS IN SESSION

About 75 Manufacturers Were Present at the Opening.

A MOST NOTABLE MEETING

Is Promised, Followed by a Banquet Tomorrow Evening.

MANY MATTERS TO SETTLE

Washington, December 1.—(Special)—The annual convention of the United States Manufacturers' association met this morning in the Hotel Raleigh in this city, there being present nearly 75 delegates, representing the principal potteries of the country.

It was half past eleven before the convention was called to order by President Joseph G. Lee, of East Liverpool. There was no business of importance transacted at this morning's meeting, the time being consumed in the call of the roll, and the reading of the president's report. Another session was held this afternoon at 3 o'clock, when matters pertaining to the pottery industry of the country were discussed.

Among those in attendance besides the president are Col. John N. Taylor, H. P. Knoblock, George C. Thompson, W. L. Smith, Louis I. Aaron, W. E. Wells, Charles I. Aaron, J. R. Warner, Secretary H. A. Keffer, Edwin M. Knowles, Joshua T. Smith, Harry D. Wurtmingle, Charles M. Franzheim, Joseph Mayer, Henry Brunt, Howard D. Moses, William Burgess and Charles H. Cook. All the members present are very reticent about telling exactly what matters are to come up for discussion, but they admit that the convention promises to be a notable one.

Quite a number of honorary and associate members are also in attendance. The convention will be in session today and tomorrow, winding up with a banquet to be given tomorrow night.

The Pottery association is also holding a convention in the same hotel today, although there are but few outside delegates present, and it has important matters to discuss.

TELEGRAPH OFFICE LOCATED IN JETHRO

C. & P. Trains Now Controlled By the Office Located at That Point.

All trains entering and leaving this city are now controlled through the telegraph tower recently erected alongside the tracks at a point near the Jethro culvert. The tower has been in use since Saturday and the double track between this city and Wellsville is also in use.

For the past two or three years the heavy traffic, particularly in freight, has caused a congestion of the road here and at Wellsville, owing to the lack of a double track and adequate sidings and switches. The use of the double track between the two points will afford much relief.

Both night and day telegraph operators are on duty at the tower.

Salineville Borrows Money.

Salineville, December 1.—(Special.)—At the regular meeting of the village council Monday evening the entire amount of money needed for the payment of the monthly bills was borrowed from the Peoples' Banking company of Amsterdam. The bills which were paid amounted to over $500. The mayor's monthly report broke all previous records for fines collected. The report showed $80 collected in fines alone.

Licensed to Marry.

Lisbon, December 1.—(Special.)—W. C. Arnold, Salem, and Miss Mabel Anglemyer, New Garden; Dory C. McIntyre and Miss Ida Hogenfeld, both of Wellsville; W. N. Criss, of Summerfield, Pa., and Miss Bell DeHaven, of East Liverpool, have been licensed to marry.

Critically Ill.

Lisbon, December 1.—(Special.)—Dr. W. C. Nevin was called to Rogers this morning in consultation on the case of Miss Lizzie Crawford, who is critically ill of typhoid fever. The lady is a sister of Dr. S. K. Crawford, of Rogers.

PLANS NEARLY READY FOR NEW ADDITION

School Board Preparing to Expend $7,000 on East End Building. Christmas Vacation.

It developed at the meeting of the school board last evening that plans are nearly completed for the proposed addition to the East End school house. The cost of the improvement will be about $7,000, and the contract will be given for the work early next year. The money to pay for the improvement is in the hands of the board and as a result bonds will not have to be issued.

Supt. Rayman told the members of the board that he thought it would be advisable to close the schools of the city on December 24, so as to allow a number of the teachers who live away from town ample time to get home. The board readily agreed to the suggestion and it was decided to give a vacation of 11 days, the schools opening on January 4.

DETERMINED TO TAKE CHILDREN WITH HER

Mrs. James Wilson Wanted to Take Her Little Ones to Jail.

Sheriff Leonard and his deputy arrived in the city at noon today for the purpose of taking James Wilson, his wife and Andrew Call to the county jail. Upon going to the city hall, the sheriff ran up against a circumstance which puzzled him greatly, and the like of which is without precedent during his term of office.

The sheriff found that Mrs. Wilson had her two minor children with her and that she was determined they should go with her. After much thought the sheriff decided that he had no right to take the children, as they were not criminals and refused point blank to do so. The sheriff had not decided what to do at a late hour this afternoon, but was in conference with the prosecuting attorney.

ANONYMOUS LETTERS PROVE QUITE A HELP

Aid the Auditor and Inquisitor in Locating Taxable Property.

Lisbon, December 1.—(Special.)—Auditor J. Frank Adams received an anonymous letter this morning, telling him of certain persons in the county, who received several thousand dollars some time ago which was not listed for taxation.

The auditor and the tax inquisitor get many letters of this character, whereby much hidden wealth is placed on the duplicate. The rule seems to be that when a person is detected he wants all his neighbors to be in the same boat.

PROBATE COURT

Orders in Relation to the Settlement of the Estates of Decedents.

Lisbon, December 1.—(Special.)—The late Dr. Ephraim Haas, of East Palestine, having left no will, Idellia Haas, the widow, has been appointed administratrix of his estate under bond of $400. Appraisers, P. C. Hartford, W. A. McCammon and G. O. Rowland.

The will of the late Jane Binsley, of Franklin township, has been admitted to probate. John W. Binsley, who was named in the will as executor, refused to accept the trust, whereupon William J. Binsley was appointed administrator under bond of $9,000.

Margaret Broderick, as administratrix of the estate of the late Richard McSweeney, of East Liverpool, has been authorized to complete a contract for the conveyance of part of lot No. 170 in East Liverpool to Maggie J. Winters for $10,600.

Entertaining Luther League.

The Luther League of St. John's Lutheran church will be entertained this evening at the home of Mrs. Frank Buxton on John street. The guests will be entertained chiefly at games and the hostess will be assisted in entertaining by her sister, Miss Minnie Agner. The league will meet on next Friday evening at the church for a business meeting.

CAME NEAR SUFFOCATING

Escaping Gas Dangerously Affected a Mother and Child.

A JET WAS LEFT LIGHTED

Was Blown Out by the Wind and Room Was Filled With the Gas.

CLOSE CALL FOR THE TWO

Through breathing the fumes of escaping gas that permeated her apartments on the second story of the Reich & Chertoff store building on Sixth street, Mrs. Max Bloom and her 7-months-old baby came near meeting a horrible death yesterday morning. As it was both were dangerously ill for several hours and are not yet out of danger, though somewhat improved. Mrs. Bloom and the baby were alone in the room, the husband, who is employed as a tailor by the United Woolen Mills company, having been sent to Beaver Falls a short time ago to take charge of a shop there.

The illness of Mrs. Bloom and the child was rather of a mysterious nature until Mrs. Bloom advanced the theory that it had been caused by escaping gas. Both she and the child were in their usual health yesterday morning, but were taken sick about 10 o'clock and in a short time were in a serious condition. They grew worse until they were very critically ill. Mrs. Bloom managed to communicate with those in the store below and physicians were hastily summoned, Dr. Nor:is responding.

The physician found both mother and child in a dangerous condition and only the prompt administration of the proper restoratives prevented death from resulting. The child was naturally more critically ill. Mrs. Bloom and the child have required almost constant attention since, and it required many hours to determine whether the patients would recover.

Fortunately Mrs. Bloom remembered that a gas jet near an outside door had been left lighted. It was found that the blaze had been extinguished probably by the wind and that the gas was still escaping. The discovery probably prevented a disastrous explosion, as the rooms were filled with the deadly fluid.

Had the occurrence been at night there is but little doubt that Mrs. Bloom and the baby would have been asphyxiated, and that they escaped is due to the fact that Mrs. Bloom was awake and stirring about the house.

The condition of Mrs. Bloom late this afternoon was very much improved, but the child is not yet considered out of danger.

BADLY BURNED BY GAS EXPLOSION

Mrs. Fred B. Wagner, of Third Street, Hurt While Lighting a Fire.

Mrs. Fred B. Wagner, of West Third street, was painfully burned at an early hour this morning by the explosion of gas in the oven of a cooking stove at her home. Mrs. Wagner had attempted to light the gas, but probably failed. The explosion came when the escaping gas came in contact with a light.

Mrs. Wagner was almost prostrated by the force of the explosion and the accompanying flame, reaching her face and head, inflicted a number of painful burns.

KENNEDY WILL SPEAK

At the Banquet to Be Given By the Potters' Association in Washington.

Lisbon, December 1.—(Special.)—Congressman Kennedy was unable to visit East Liverpool to consult with some of the citizens regarding the new postoffice there before his return to Washington.

He left for the capitol this morning, having accepted an invitation to make an address this evening at a banquet to be given by the United States Manufacturing Potters' association. Speaker Cannon and a number of other prominent men will be present.

COMMITTEE TO ARRANGE A MAMMOTH PICNIC

Odd Fellows' Representatives In Session at Steubenville Tonight For This Purpose.

George H. Owen left this morning for Steubenville where he will attend a meeting of the representatives of all the Odd Fellow lodges of this section of the three states. Mr. Owen is chairman of the picnic committee selected at the big Odd Fellow picnic at Rock Springs park last December. P. A. Reisenberger, of Wellsville, is secretary of the committee.

It is planned to make the annual picnics a permanent affair and this is one of the objects of the meeting. Arrangements will be made for one of the greatest Odd Fellow picnics ever held in the Ohio valley. Mr. Owen will present Rock Springs park as the place for the affair. Alikanna park will also be proposed.

Representatives of more than a score of lodges are expected to be present.

CASE MAY GO BY DEFAULT

Witnesses Refuse to Attend Trial of the Brighouse-Saulsberry Case.

FEES NOT GUARANTEED

It seems quite likely that the case of John Brighouse versus Frank P. Saulsberry et al., in which the plaintiff sues for damages alleged to have been caused by Saulsberry's treatment of Brighouse while placing the latter under arrest, will not come up for another trial at Lisbon tomorrow. The case depends entirely on testimony of East Liverpool witnesses and all of them refused to accept the subpoenas served on them by Sheriff Leonard today.

There are in all about 20 witnesses, among them ex-Mayor William C. Davidson, Mayor Weaver, Dr. C. B. Ogden and other city officials and the entire number decided sometime ago that they would not go to Lisbon this time unless the money allowed by law is first handed them. When the sheriff appeared in the city at noon today he went to the city hall and the first man he encountered was Mayor Weaver. He had two subpoenas for him and the mayor refused to accept either. Though the sheriff did not see them all, it is understood that none of them will consent to go.

It is customary for the sheriff to pay the fees when they are demanded but he did not feel justified in doing so in this case, being out of pocket just $65 on the first case.

As the plaintiff in the case will not likely furnish the money to pay the witnesses, it is thought the case will never come up for trial. It is a sure thing that the defendant will not pay out any money, if it is found that the plaintiff has no witnesses.

MARY BURRIS HAS BEEN FOUND

Girl Who Ran Away from California Hollow Located By an Officer.

Miss Mary Burris, who ran away from her parents, who live in California Hollow, was located last evening at the home of Andrew Rattray and was arrested this afternoon by Officer Dunn.

It is not known what will be done with her.

An Appealed Case.

Lisbon, December 1.—(Special.)—A petition on appeal was filed in court here yesterday afternoon by Walter B. Hill, of East Liverpool, as attorney for the Charles Case Shoe company, of Boston, which got judgment against A. Peterson in the court of Justice J. N. Rose in East Liverpool in July last for $165.65, alleged to be due on a bill of goods. Peterson appealed from the decision in the justice's court, the appeal being filed in court here August 6 last.

Judge Robinson Taken Ill.

Youngstown, December 1.—Judge George F. Robinson, of Ravenna, collapsed while holding court yesterday and fell from the bench. He was taken to the city hospital. The doctors say pleurisy caused the collapse. They do not regard his condition as critical.

THE CITY WILL BORROW CASH

Council Decides to Get $7,000 From Public Service Board.

THE WATER WORKS FUNDS

Will Be Utilized for the Present, Returnable on Jan. 1.

OTHER MATTERS TAKEN UP

Without a dissenting vote, the revised appropriation ordinance was passed by council at the special meeting held last evening. It was nearly 9 o'clock when the body got together, but the business was transacted in a jiffy and considerable was done of much importance.

For a few minutes the body was up against it in trying to devise a legal method of repealing the former appropriation ordinance. All declared that it was illegal and some thought it should be determined so by a vote, and then pass the new one, but the auditor saved the members such action by inserting in the ordinance the statement that the original ordinance was thereby declared null and void. It was then the duty of the members to borrow the $7,000 offered them by the board of public service and the auditor was authorized to transfer the amount from the water works fund to the general fund, the time to pay it back being specified as January 1 or as soon as the city receives its annual installment from the county treasurer.

Several communications were received from the board of public service but they were given very little attention, council declaring that they were simply offered as a ruse to throw fault in the wrong direction. The board stated that Mrs. Huffman, of Second and Washington streets, had complained several times about an overflow of water near her home and wanted it stopped. It was shown also in the communication that considerable money would be necessary to repair the condition near the Huffman home and council was asked what ought to be done with the case. Council considered it purely a matter over which the board has control and laid the matter over. Included in the communication was also a reminder of the conditions existing at the intersection of Oak street and McKinnon avenue, near the residence of W. H. Welsh. Mr. Welsh claims that his property has been damaged by a defect in the sewer and wants it repaired.

Accompanying the notification was a communication from Attorneys Brookes & Thompson, who stated that they had been asked to file suit for damages for Mr. Welsh, and that they would gladly investigate the claim with a committee of council and come to a mutual agreement, if council so desired. Council decided it had nothing whatever to do with repairing the damages and dropped the case pending investigations relative to the threatened suit.

Once more the question as to who should pay for $16 worth of gas and plumbing repairs made at the city hall came up before council. President Grafton, of the board of public safety, said he was tired of trotting from one board to another with the bills and wanted it settled once for all. It was his opinion that the amount should be divided between the boards. Mr. Moon made a motion that council ask the boards to divide the bill and continue doing the same in the future. The motion carried, with two voting against it. Those against the motion argued that council had no right in the world to dictate to the boards on the question. Such advice should come from the solicitor and no one else. The solicitor gave a decision not long ago covering the question, when he said the board of public safety has control over the jail and the board of public service over the remainder of the building, excepting that under the jurisdiction of the township trustees.

There will surely be trouble at some future date if the two boards attempt to carry out the suggestion of council. The question is asked, why don't the boards have two meters, one registering the amount of gas used in the jail and the other in the rooms over which the board of service has control? It is suggested that this would settle all disputes and is really the only accurate way of dividing the expenses.

Lisbon, December 1.—(Special.)—W. C. Arnold, Salem, and Miss Mabel Anglemyer, New Garden; Dory C. McIntyre and Miss Ida Hogenfeld, both of Wellsville; W. N. Criss, of Summerfield, Pa., and Miss Bell DeHaven, of East Liverpool, have been licensed to marry.

Critically Ill.

Lisbon, December 1.—(Special.)—Dr. W. C. Nevin was called to Rogers this morning in consultation on the case of Miss Lizzie Crawford, who is critically ill of typhoid fever. The lady is a sister of Dr. S. K. Crawford, of Rogers.

PLANS NEARLY READY FOR NEW ADDITION

School Board Preparing to Expend $7,000 on East End Building. Christmas Vacation.

It developed at the meeting of the school board last evening that plans are nearly completed for the proposed addition to the East End school house. The cost of the improvement will be about $7,000, and the contract will be given for the work early next year. The money to pay for the improvement is in the hands of the board and as a result bonds will not have to be issued.

Supt. Rayman told the members of the board that he thought it would be advisable to close the schools of the city on December 24, so as to allow a number of the teachers who live away from town ample time to get home. The board readily agreed to the suggestion and it was decided to give a vacation of 11 days, the schools opening on January 4.

DETERMINED TO TAKE CHILDREN WITH HER

Mrs. James Wilson Wanted to Take Her Little Ones to Jail.

Sheriff Leonard and his deputy arrived in the city at noon today for the purpose of taking James Wilson, his wife and Andrew Call to the county jail. Upon going to the city hall, the sheriff ran up against a circumstance which puzzled him greatly, and the like of which is without precedent during his term of office.

The sheriff found that Mrs. Wilson had her two minor children with her and that she was determined they should go with her. After much thought the sheriff decided that he had no right to take the children, as they were not criminals and refused point blank to do so. The sheriff had not decided what to do at a late hour this afternoon, but was in conference with the prosecuting attorney.

ANONYMOUS LETTERS PROVE QUITE A HELP

Aid the Auditor and Inquisitor in Locating Taxable Property.

Lisbon, December 1.—(Special.)—Auditor J. Frank Adams received an anonymous letter this morning, telling him of certain persons in the county, who received several thousand dollars some time ago which was not listed for taxation.

The auditor and the tax inquisitor get many letters of this character, whereby much hidden wealth is placed on the duplicate. The rule seems to be that when a person is detected he wants all his neighbors to be in the same boat.

PROBATE COURT

Orders in Relation to the Settlement of the Estates of Decedents.

Lisbon, December 1.—(Special.)—The late Dr. Ephraim Haas, of East Palestine, having left no will, Idellia Haas, the widow, has been appointed administratrix of his estate under bond of $400. Appraisers, P. C. Hartford, W. A. McCammon and G. O. Rowland.

The will of the late Jane Binsley, of Franklin township, has been admitted to probate. John W. Binsley, who was named in the will as executor, refused to accept the trust, whereupon William J. Binsley was appointed administrator under bond of $9,000.

Margaret Broderick, as administratrix of the estate of the late Richard McSweeney, of East Liverpool, has been authorized to complete a contract for the conveyance of part of lot No. 170 in East Liverpool to Maggie J. Winters for $10,600.

Entertaining Luther League.

The Luther League of St. John's Lutheran church will be entertained this evening at the home of Mrs. Frank Buxton on John street. The guests will be entertained chiefly at games and the hostess will be assisted in entertaining by her sister, Miss Minnie Agner. The league will meet on next Friday evening at the church for a business meeting.

CAME NEAR SUFFOCATING

Escaping Gas Dangerously Affected a Mother and Child.

A JET WAS LEFT LIGHTED

Was Blown Out by the Wind and Room Was Filled With the Gas.

CLOSE CALL FOR THE TWO

Through breathing the fumes of escaping gas that permeated her apartments on the second story of the Reich & Chertoff store building on Sixth street, Mrs. Max Bloom and her 7-months-old baby came near meeting a horrible death yesterday morning. As it was both were dangerously ill for several hours and are not yet out of danger, though somewhat improved. Mrs. Bloom and the baby were alone in the room, the husband, who is employed as a tailor by the United Woolen Mills company, having been sent to Beaver Falls a short time ago to take charge of a shop there.

The illness of Mrs. Bloom and the child was rather of a mysterious nature until Mrs. Bloom advanced the theory that it had been caused by escaping gas. Both she and the child were in their usual health yesterday morning, but were taken sick about 10 o'clock and in a short time were in a serious condition. They grew worse until they were very critically ill. Mrs. Bloom managed to communicate with those in the store below and physicians were hastily summoned, Dr. Norris responding.

The physician found both mother and child in a dangerous condition and only the prompt administration of the proper restoratives prevented death from resulting. The child was naturally more critically ill. Mrs. Bloom and the child have required almost constant attention since, and it required many hours to determine whether the patients would recover.

Fortunately Mrs. Bloom remembered that a gas jet near an outside door had been left lighted. It was found that the blaze had been extinguished probably by the wind and that the gas was still escaping. The discovery probably prevented a disastrous explosion, as the rooms were filled with the deadly fluid.

Had the occurrence been at night there is but little doubt that Mrs. Bloom and the baby would have been asphyxiated, and that they escaped is due to the fact that Mrs. Bloom was awake and stirring about the house.

The condition of Mrs. Bloom late this afternoon was very much improved, but the child is not yet considered out of danger.

BADLY BURNED BY GAS EXPLOSION

Mrs. Fred B. Wagner, of Third Street, Hurt While Lighting a Fire.

Mrs. Fred B. Wagner, of West Third street, was painfully burned at an early hour this morning by the explosion of gas in the oven of a cooking stove at her home. Mrs. Wagner had attempted to light the gas, but probably failed. The explosion came when the escaping gas came in contact with a light.

Mrs. Wagner was almost prostrated by the force of the explosion and the accompanying flame, reaching her face and head, inflicted a number of painful burns.

KENNEDY WILL SPEAK

At the Banquet to Be Given By the Potters' Association in Washington.

Lisbon, December 1.—(Special.)—Congressman Kennedy was unable to visit East Liverpool to consult with some of the citizens regarding the new postoffice there before his return to Washington.

He left for the capitol this morning, having accepted an invitation to make an address this evening at a banquet to be given by the United States Manufacturing Potters' association. Speaker Cannon and a number of other prominent men will be present.

COMMITTEE TO ARRANGE A MAMMOTH PICNIC

Odd Fellows' Representatives In Session at Steubenville Tonight For This Purpose.

George H. Owen left this morning for Steubenville where he will attend a meeting of the representatives of all the Odd Fellow lodges of this section of the three states. Mr. Owen is chairman of the picnic committee selected at the big Odd Fellow picnic at Rock Springs park last December. P. A. Reisenberger, of Wellsville, is secretary of the committee.

It is planned to make the annual picnics a permanent affair and this is one of the objects of the meeting. Arrangements will be made for one of the greatest Odd Fellow picnics ever held in the Ohio valley. Mr. Owen will present Rock Springs park as the place for the affair. Alikanna park will also be proposed.

Representatives of more than a score of lodges are expected to be present.

CASE MAY GO BY DEFAULT

Witnesses Refuse to Attend Trial of the Brighouse-Saulsberry Case.

FEES NOT GUARANTEED

It seems quite likely that the case of John Brighouse versus Frank P. Saulsberry et al., in which the plaintiff sues for damages alleged to have been caused by Saulsberry's treatment of Brighouse while placing the latter under arrest, will not come up for another trial at Lisbon tomorrow. The case depends entirely on testimony of East Liverpool witnesses and all of them refused to accept the subpoenas served on them by Sheriff Leonard today.

There are in all about 20 witnesses, among them ex-Mayor William C. Davidson, Mayor Weaver, Dr. C. B. Ogden and other city officials and the entire number decided sometime ago that they would not go to Lisbon this time unless the money allowed by law is first handed them. When the sheriff appeared in the city at noon today he went to the city hall and the first man he encountered was Mayor Weaver. He had two subpoenas for him and the mayor refused to accept either. Though the sheriff did not see them all, it is understood that none of them will consent to go.

It is customary for the sheriff to pay the fees when they are demanded but he did not feel justified in doing so in this case, being out of pocket just $65 on the first case.

As the plaintiff in the case will not likely furnish the money to pay the witnesses, it is thought the case will never come up for trial. It is a sure thing that the defendant will not pay out any money, if it is found that the plaintiff has no witnesses.

MARY BURRIS HAS BEEN FOUND

Girl Who Ran Away from California Hollow Located By an Officer.

Miss Mary Burris, who ran away from her parents, who live in California Hollow, was located last evening at the home of Andrew Rattray and was arrested this afternoon by Officer Dunn.

It is not known what will be done with her.

An Appealed Case.

Lisbon, December 1.—(Special.)—A petition on appeal was filed in court here yesterday afternoon by Walter B. Hill, of East Liverpool, as attorney for the Charles Case Shoe company, of Boston, which got judgment against A. Peterson in the court of Justice J. N. Rose in East Liverpool in July last for $165.65, alleged to be due on a bill of goods. Peterson appealed from the decision in the justice's court, the appeal being filed in court here August 6 last.

Judge Robinson Taken Ill.

Youngstown, December 1.—Judge George F. Robinson, of Ravenna, collapsed while holding court yesterday and fell from the bench. He was taken to the city hospital. The doctors say pleurisy caused the collapse. They do not regard his condition as critical.

THE CITY WILL BORROW CASH

Council Decides to Get $7,000 From Public Service Board.

THE WATER WORKS FUNDS

Will Be Utilized for the Present, Returnable on Jan. 1.

OTHER MATTERS TAKEN UP

Without a dissenting vote, the revised appropriation ordinance was passed by council at the special meeting held last evening. It was nearly 9 o'clock when the body got together, but the business was transacted in a jiffy and considerable was done of much importance.

For a few minutes the body was up against it in trying to devise a legal method of repealing the former appropriation ordinance. All declared that it was illegal and some thought it should be determined so by a vote, and then pass the new one, but the auditor saved the members such action by inserting in the ordinance the statement that the original ordinance was thereby declared null and void. It was then the duty of the members to borrow the $7,000 offered them by the board of public service and the auditor was authorized to transfer the amount from the water works fund to the general fund, the time to pay it back being specified as January 1 or as soon as the city receives its annual installment from the county treasurer.

Several communications were received from the board of public service but they were given very little attention, council declaring that they were simply offered as a ruse to throw fault in the wrong direction. The board stated that Mrs. Huffman, of Second and Washington streets, had complained several times about an overflow of water near her home and wanted it stopped. It was shown also in the communication that considerable money would be necessary to repair the condition near the Huffman home and council was asked what ought to be done with the case. Council considered it purely a matter over which the board has control and laid the matter over. Included in the communication was also a reminder of the conditions existing at the intersection of Oak street and McKinnon avenue, near the residence of W. H. Welsh. Mr. Welsh claims that his property has been damaged by a defect in the sewer and wants it repaired.

Accompanying the notification was a communication from Attorneys Brookes & Thompson, who stated that they had been asked to file suit for damages for Mr. Welsh, and that they would gladly investigate the claim with a committee of council and come to a mutual agreement, if council so desired. Council decided it had nothing whatever to do with repairing the damages and dropped the case pending investigations relative to the threatened suit.

Once more the question as to who should pay for $16 worth of gas and plumbing repairs made at the city hall came up before council. President Grafton, of the board of public safety, said he was tired of trotting from one board to another with the bills and wanted it settled once for all. It was his opinion that the amount should be divided between the boards. Mr. Moon made a motion that council ask the boards to divide the bill and continue doing the same in the future. The motion carried, with two voting against it. Those against the motion argued that council had no right in the world to dictate to the boards on the question. Such advice should come from the solicitor and no one else. The solicitor gave a decision not long ago covering the question, when he said the board of public safety has control over the jail and the board of public service over the remainder of the building, excepting that under the jurisdiction of the township trustees.

There will surely be trouble at some future date if the two boards attempt to carry out the suggestion of council. The question is asked, why don't the boards have two meters, one registering the amount of gas used in the jail and the other in the rooms over which the board of service has control? It is suggested that this would settle all disputes and is really the only accurate way of dividing the expenses.

ONE MILLION DOLLARS FOR A GOOD STOMACH

Mr. Rockefeller's Offer Should Be a Warning To Every Man and Woman.

The newspapers and medical journals recently have had much to say relative to John D. Rockefeller's offer of a million dollars for a new stomach.

This great multi-millionaire was too busy to worry about the condition of his stomach. He allowed his dyspepsia to run from bad to worse until in the end it became incurable.

His misfortune serves as a warning to others.

Everyone who suffers with dyspepsia for a few years will give everything he owns for a new stomach.

There are twenty million men and women suffering with dyspepsia—twenty million men and women whose stomachs are wearing out.

There are no new stomachs for sale at any price.

We offer these sufferers the next best thing. We guarantee to make their old stomachs almost as good as new.

Dyspepsia is caused by an abnormal state of the gastric juices. There is one element missing. The absence of this destroys the function of the gastric fluids. They lose their power to digest food.

We are now able to supply the missing element—to restore to the gastric juices their digestive power, and to make the stomach strong and well.

We know that Rexall Dyspepsia Tablets will positively and permanently cure. We want you to try them and will return your money if you are not more than satisfied with the result.

MOCHA WARE.

Collectors of old china are more or less familiar with that variety of white crockery which is rudely decorated with seaweed or tree-like designs in black, brown, green and other colors, usually on a tinted zone which is outlined with lines or narrow bands of darker color, while occasionally at the top or bottom of a piece will be found another zone of a different tint. This is what is known as Mocha ware in the English potteries, a word derived from a precious stone found near the town of Mocha, Arabia, a variety of moss agate, at one time very popular in jewelry.

Vast quanties of this ware must at one time have been made and sent to this country, judging by the abundance of examples that are constantly springing up. Of late collectors have been giving considerable attention to this homely and humble ware—the style of decorations is among the simplest, yet the effect is often pleasing and always characteristic. Few collectors, however, know how the moss-like or dendritic ornamentation is accomplished, as a careful examination will reveal the fact that the delicate tracery is not produced by the hand of a decorator.

Mocha ware is supposed to have first been made by William Adams, of Greengates, Turnstall, England, soon after 1787. In 1820 several potteries were making it. The characteristics of Mocha ware are simplicity of form, thinness and lightness of weight, tinted bands of orange or the pale color, and bands and dots of slip in other hues, slightly in relief. The ware is usually fond in pitchers, bowls and mugs. True Mocha ware has never been made in the United States, although a variety of ware termed Mocha has been produced to a considerable extent.

BUSY AT NEW CASTLE.

New Castle, December 1.—Local No. 54 held its regular meeting with good attendance. There was one initiation and two transfer cards received. Tickets for the benefit of Brother Bagley, killed at East Liverpool, were received by the secretary and will be disposed of.

At the Universal sanitary shop things are rushed; in fact, so much that the firm asked the pressers to put one more mould on and make more ware.

At the China works there are a few clay hands working to match up. What the firm intends to do, no one seems to know. Mr. Heape's, the general manager's, time expires the first of the year.

At the Shenango they are rushed to their fullest capacity. The glost men got eight kilns last pay and will do the same this pay. Every bench is filled, the first time in the history of the plant.

J. Emminger, secretary of the Derry local, and Bro. Stevenson, from the same town, are working here.

Ed. Cassidy, the dipper, has left and the dipper from the China company has accepted his position.

John Ryan, a kilnman from East Liverpool, arrived here last Monday. He was not in the best of health and it preyed so much on his mind that Thursday evening he went down town and threw at brick at the Credit Clothing company's window, smashing it to atoms. He was arrested and is still in jail.

John McCarron, the general foreman, is all smiles. It's a boy.

Tom Brooks and Joe Bartley took in the football game at Pittsburg Thanksgiving.

Nockey Amos, who has been on the sick list for a week, is in a very serious condition, and the chances for recovery small.

TRENTON'S DELEGATES.

Trenton is well represented at the convention of the United States Manufacturers' association, now in progress at Washington. Among the delegates are: John A. Campbell, Trenton Potteries company; James E. Norris and Joseph Deacon, Anchor Pottery company; A. M. Maddock and Thomas P. Donoher, Maddock Pottery company; Howard B. Moses, John Moses & Sons' company; William Burgess, International Pottery company; John Moore, Sanitary Earthenware Specialty company; Charles Howell Cook and Abe H. Hayes, Cook Pottery company; James Moses, Mercer Pottery company.

WORKING NIGHTS.

The rather unusual spectacle of teams working after hours in carrying packages to the freight station was presented at the Sevres plant last night. The packers were also at work, but this is no new thing for those employed at the plant. The Sevres has had a great run on decorated ware and as most of it was purchased for holiday use great expedition was necessary in filling the orders. The plant will be busy right up to the holiday loaf.

NEW LIGHTING PLANT.

A new electric light plant will be installed in the East End sewer pipe works of the American company. The dynamo, which has arrived, will be placed this week, and the incandescent lights placed throughout the plant, which is one of the largest and most valuable of all the American's sewer pipe holdings.

MAY JOIN THE TRUST.

It is the probable intention of the American Sewer Pipe company to start the old Freeman plant at Freeman station, below Empire. Call & Elson, of Toronto, have been repairing the kilns and have completed a brick entry to the fire clay mine.

Young Hunter Shoots Himself.

Lisbon, December 1.—(Special.)—Ernest Andre, aged 13, son of Leonard Andre, living one mile west of New Garden, fell while hunting and a rifle he carried was discharged, the ball passing through the flesh of his left arm above the elbow.

BEYOND DOUBT

These Facts Must Convince Every East Liverpool Reader.

The statement which follows tells the experience of a resident of East Liverpool. Incredulity cannot long exist about this testimony because it can easily be investigated.

Mr. William Terrence, fireman at engine house No. 1, says: "For some time I was annoyed with symptoms of either weakened or over-excited kidneys. I had noticed more than one recommendation made by people living in East Liverpool about Doan's Kidney Pills, and thinking that if the medicine performed half what it promised it might help me. I bought a box at Lariins' drug store. The treatment cured me."

THE SOCIAL GAMUT.

The Whirligig of Time Makes Man Play Many Parts.

Louisville, Ky., Dec. 1.—A member of one of the oldest families in Switzerland, an officer in Europe, representative in Algiers of a Swiss banking house and leader in the social life of the north African winter resort, then a window washer and hotel clerk in Louisville, were the chapters in the life of Emile G. Kesselring, who died at an infirmary here. He was known to hundreds of notable Americans and to thousands of travelers as "Count" Kesselring.

When financial reverses 20 years ago compelled his abandonment of the aristocratic European circles in which he had moved, Kesselring came to Louisville and went to work as window washer at the Galt house. From this lowly position he was soon promoted to be chief clerk, and this position he held up to the time of his recent illness.

Kesselring's relatives still live at Berne, where his family took a leading part in Swiss affairs from the formation of the republic.

Refused to Accept Verdict.

Grand Forks, N. D., Dec. 1.—The trial judge has refused to accept a verdict of murder in the second degree in the Barry murder case and has given the case back to the jury. The court had charged the jury that the verdict under the law must be either murder in the first degree or not guilty. This is the second trial of Barry, who is a member of a prominent New England family. Barry is charged with killing Andrew Mellin for the alleged wronging of Barry's sister.

Mocha ware is supposed to have first been made by William Adams, of Greengates, Turnstall, England, soon after 1787. In 1820 several potteries were making it. The characteristics of Mocha ware are simplicity of form, thinness and lightness of weight, tinted bands of orange or the pale color, and bands and dots of slip in other hues, slightly in relief. The ware is usually fond in pitchers, bowls and mugs. True Mocha ware has never been made in the United States, although a variety of ware termed Mocha has been produced to a considerable extent.

BUSY AT NEW CASTLE.

New Castle, December 1.—Local No. 54 held its regular meeting with good attendance. There was one initiation and two transfer cards received. Tickets for the benefit of Brother Bagley, killed at East Liverpool, were received by the secretary and will be disposed of.

At the Universal sanitary shop things are rushed; in fact, so much that the firm asked the pressers to put one more mould on and make more ware.

At the China works there are a few clay hands working to match up. What the firm intends to do, no one seems to know. Mr. Heape's, the general manager's, time expires the first of the year.

At the Shenango they are rushed to their fullest capacity. The glost men got eight kilns last pay and will do the same this pay. Every bench is filled, the first time in the history of the plant.

J. Emminger, secretary of the Derry local, and Bro. Stevenson, from the same town, are working here.

Ed. Cassidy, the dipper, has left and the dipper from the China company has accepted his position.

John Ryan, a kilnman from East Liverpool, arrived here last Monday. He was not in the best of health and it preyed so much on his mind that Thursday evening he went down town and threw at brick at the Credit Clothing company's window, smashing it to atoms. He was arrested and is still in jail.

John McCarron, the general foreman, is all smiles. It's a boy.

Tom Brooks and Joe Bartley took in the football game at Pittsburg Thanksgiving.

Nockey Amos, who has been on the sick list for a week, is in a very serious condition, and the chances for recovery small.

TRENTON'S DELEGATES.

Trenton is well represented at the convention of the United States Manufacturers' association, now in progress at Washington. Among the delegates are: John A. Campbell, Trenton Potteries company; James E. Norris and Joseph Deacon, Anchor Pottery company; A. M. Maddock and Thomas P. Donoher, Maddock Pottery company; Howard B. Moses, John Moses & Sons' company; William Burgess, International Pottery company; John Moore, Sanitary Earthenware Specialty company; Charles Howell Cook and Abe H. Hayes, Cook Pottery company; James Moses, Mercer Pottery company.

WORKING NIGHTS.

The rather unusual spectacle of teams working after hours in carrying packages to the freight station was presented at the Sevres plant last night. The packers were also at work, but this is no new thing for those employed at the plant. The Sevres has had a great run on decorated ware and as most of it was purchased for holiday use great expedition was necessary in filling the orders. The plant will be busy right up to the holiday loaf.

NEW LIGHTING PLANT.

A new electric light plant will be installed in the East End sewer pipe works of the American company. The dynamo, which has arrived, will be placed this week, and the incandescent lights placed throughout the plant, which is one of the largest and most valuable of all the American's sewer pipe holdings.

MAY JOIN THE TRUST.

It is the probable intention of the American Sewer Pipe company to start the old Freeman plant at Freeman station, below Empire. Call & Elson, of Toronto, have been repairing the kilns and have completed a brick entry to the fire clay mine.

Young Hunter Shoots Himself.

Lisbon, December 1.—(Special.)—Ernest Andre, aged 13, son of Leonard Andre, living one mile west of New Garden, fell while hunting and a rifle he carried was discharged, the ball passing through the flesh of his left arm above the elbow.

THE SOCIAL GAMUT.

The Whirligig of Time Makes Man Play Many Parts.

Louisville, Ky., Dec. 1.—A member of one of the oldest families in Switzerland, an officer in Europe, representative in Algiers of a Swiss banking house and leader in the social life of the north African winter resort, then a window washer and hotel clerk in Louisville, were the chapters in the life of Emile G. Kesselring, who died at an infirmary here. He was known to hundreds of notable Americans and to thousands of travelers as "Count" Kesselring.

When financial reverses 20 years ago compelled his abandonment of the aristocratic European circles in which he had moved, Kesselring came to Louisville and went to work as window washer at the Galt house. From this lowly position he was soon promoted to be chief clerk, and this position he held up to the time of his recent illness.

Kesselring's relatives still live at Berne, where his family took a leading part in Swiss affairs from the formation of the republic.

Refused to Accept Verdict.

Grand Forks, N. D., Dec. 1.—The trial judge has refused to accept a verdict of murder in the second degree in the Barry murder case and has given the case back to the jury. The court had charged the jury that the verdict under the law must be either murder in the first degree or not guilty. This is the second trial of Barry, who is a member of a prominent New England family. Barry is charged with killing Andrew Mellin for the alleged wronging of Barry's sister.

BEYOND DOUBT

These Facts Must Convince Every East Liverpool Reader.

The statement which follows tells the experience of a resident of East Liverpool. Incredulity cannot long exist about this testimony because it can easily be investigated.

Mr. William Terrence, fireman at engine house No. 1, says: "For some time I was annoyed with symptoms of either weakened or over-excited kidneys. I had noticed more than one recommendation made by people living in East Liverpool about Doan's Kidney Pills, and thinking that if the medicine performed half what it promised it might help me. I bought a box at Larkins' drug store. The treatment cured me."

LIFE PLANT

THE GREAT DISEASE EXTERMINATOR OF THE 20th CENTURY.

LIFE PLANT

A WARRANTY GOES WITH THIS MEDICINE

It cures to stay cured—all diseases of the STOMACH—LIVER—KIDNEYS—BLOOD and SKIN DISEASES. Its rapid cures are marvelous. It is a system restorer and tissue builder of the highest standard. There is no failure or disappointment. It does the work quickly and thoroughly—it brings back the color to the cheeks—the lips grow red—the eyes bright—unsightly blotches and pimples disappear—the head is held erect—the step becomes quick and buoyant—sleep is sweet and refreshing. No dreams leave their shadows for the next day—the mind becomes clear and active—appetite and digestion are perfect—the love of life is sweet again and the weak, tired, worn-out, moody and despondent self is buried irrevocably in the past.

Mr. J. C. Lukens, of Tippecanoe, Ohio, says: I have been greatly relieved of Nervousness, Stomach and Kidney Trouble by the use of Life Plant. As a family medicine to keep the blood in order and tone up the system and prevent sickness, I think it stands at the head of the list. Tippecanoe, March 1, 1900.

LIFE PLANT is sold at $1.00 per bottle—6 bottles $5.00. Sold by all druggists—sent anywhere on receipt.

JAMES BOTTENUS Completely Cured of the Old Kidney Pains.

James Bottenus, Ravine and McMillan Sts., Cincinnati, O., Sept. 25, 1903, wrote: *"I have suffered for some time with severe pains in my back, near the kidneys, having tried several so-called remedies, all to no avail. Was induced to try Dr. Pettingill's Kidney-Wort Tablets, and can safely say that I am now entirely cured of all my ailments. Have had no recurrence of the old pains, and would cheerfully recommend Kidney-Wort Tablets for all Kidney Troubles. "Thank you for the amount of good the Tablets have done me."*

Kidney diseases demand an active concentrated remedy that can be taken frequently, regularly, without interruption. Because Kidney-Wort Tablets can be carried in the pocket and taken as often as directions call for, an astonishingly large number of men and women have been cured of kidney diseases that seemed hopelessly fastened upon them.

A Timely Suggestion.

This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be warded off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children, for it contains no harmful substance. It is pleasant to take—both adults and children like it. Buy it and you will get the best. It always cures. EAST END

PETITION READY FOR FORWARDING

1,500 PATRONS WANT FREE DELIVERY EXTENDED.

Congressman Kennedy Is Asked to Use His Influence With the Postoffice Department.

As a result of the efforts of a committee from the East End Improvement association a monster petition, signed by more than 1,500 patrons, has been prepared for forwarding to Washington. The petitioners ask the Hon. James Kennedy, congressman for this district, to use his best efforts to have established in the shortest possible time the free delivery of mail. Mention of the work of the committee, which is composed of Messrs. R. W. Laughlin, W. C. Poynter and T. J. Andrews, was made a week or more ago.

The 1,500 signatures represent the vast majority of the patrons of the East End postoffice and demonstrates the sentiment as to free delivery. For the benefit of the many patrons, who by reason of living or having business places near the office do not care for the delivery and in recognition of the efficient services of Postmaster Baird, the petitioners desire that the office be maintained and be made a distributing point for the East End carriers. This is necessary in the free delivery system if prompt distribution is to be had.

The East End has become so densely populated that the people cannot be properly served with the present facilities, without great inconvenience. From the extreme East End to the postoffice the distance is more than a mile and people are compelled to travel it to get mail. These people would be served by carriers. To show just what the conditions are a copy of the map issued during the last campaign, showing the divisions of the city into voting precincts, will be attached to the petition.

The association is showing considerable progress in accomplishing its announced ends and another meeting will be held in the near future. President Smith has stated that he and Secretary W. C. Poynter would make a call for the meeting soon.

ANOTHER PASSENGER ON FIRST RAILROAD TRIP

R. M. Russell, of Barnesville, Writes Robert Baird About the Cadiz Extension.

Through the publication in the News Review a few days ago of the story of the first trip over the Cadiz extension of what is now the Panhandle road, Robert Baird, the venerable East End druggist, has heard from another one of those who remember the occurrence. A few days ago he received a letter from James M. Russell, of Barnesville, requesting the full story of the trip and asking about several acquaintances of the early days.

Most of the boyhood companions of Mr. Baird have passed away and Mr. Baird was unable to answer many of the queries. Mr. Russell inquired of the fighting McCooks, who in those days lived in Steubenville and with whom Mr. Baird was well acquainted. Postmaster Surles, whose army experiences led him through parts of Jefferson county, was also inquired for. Mr. Baird, while in the army, remembers many of the scenes hereabouts. One incident in which he participated was the supplying of Shackleford's forces with rations after the capture of Morgan at Richmond. Mr. Baird later was appointed postmaster at East Springfield, Jefferson county, where he served continuously for 17 years.

Mr. Russell was an early employe of the railroad and asked particularly about the crew on the first train that was taken over the Cadiz extension and gave some interesting facts concerning the early days of railroading.

Popular Entertainers Engaged.

Those in charge of the P. H. C. entertainment, to be given tonight in honor of the visitors from Triumph circle, of Allegheny, have arranged an interesting program, containing numbers by popular local performers. Misses Ila and Wilma Marshall, the little daughters of Dr. and Mrs. R. J. Marshll, will give recitations, and Misses Fannie and Florence Schmelzenbach will provide instrumental music. Dr. J. Howard Davis will recite and Prof. McDonald will represent the Wellsville circle.

Postoffice Report.

Postmaster Will Baird is forwarding his report for the month of November. The receipts show a substantial increase over last month and were the largest since the office was moved to the present quarters. The stamp sales amounted to $219.65 and the money orders issued will aggregate about $2,900.

Woman's Ills

How rare a thing to find a woman who is perfectly healthy. Fully seventy per cent. of the sex suffers from ailments which often render life a burden. These afflictions cause nervousness, irritability, melancholia, hysteria, etc. They entirely unfit a woman for life's work and deprive her of most of its joys.

AUNT DINAH'S OLD VIRGINIA Herb Tea

WOMAN'S SAFE GUARD.

Those suffering with disordered menstruation, female weakness, prolapsus, etc., will find immediate relief from the use of Aunt Dinah's Old Virginia Herb Tea and in the majority of cases it will bring about a complete cure. It is a positive cure for chronic constipation, sick headache and indigestion. In case of nervousness and sleeplessness this tea will be found indeed a boon. It has a soothing and quieting effect on the nerves and invariably induces sound, refreshing sleep. A cupful at bed-time is all that is necessary to make a woman well and keep her well.

"The Camel of California"

Just as the camel is the ship of the desert, so is the meek and lowly burro a favorite means of transportation among the mountains of Southern California. It is slow but it is sure. It will climb steeper trails than a horse ever dreamed of scaling. Its back is broad—which helps to make riding easy. It is stupid but fairly docile. You need not fear that it will stumble and so you can enjoy the scenery to the utmost.

Going to California via the Rock Island System is very different from traveling thro' the State on the back of a burro. But there is this similarity—both are pleasant.

I am always glad to quote rates and give information about our thro' car service.

A FOREMAN'S TESTIMONY

Mr. Edward Hawley, Foreman of the Albert Pack Lumber Co. Cleveland, O.

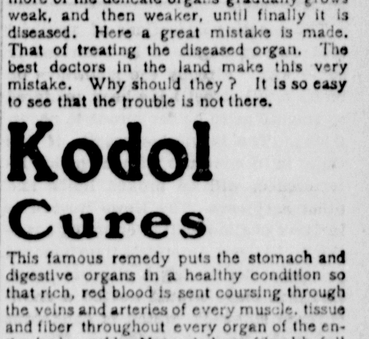

To Whom It May Concern:
I have been a sufferer for years from dyspepsia and indigestion. I got nervous and weak and run down in flesh and was unable to attend to my work at times. I would suffer from gas in the stomach until I thought every moment was my last. I could not draw a full breath, everything I ate would distress me, my stomach would get sour and ferment. Had a pressure in my chest, I would get drowsy, have chills and sweat and many symptoms I cannot describe. I was advised to try Vetter's Dyspepsia Remedy, and I am thankful I did, for it cured me entirely. I can eat anything now without having any distress or troubles I had before using the Remedy. I give this statement for the benefit of other sufferers.

Letters from Women

Cured by the use of Kodol are received daily. Their troubles nearly all begin with indigestion or other stomach disorder.

If the food you eat fails to give strength to your body, it is because the juices secreted by the stomach and digestive organs are inadequate to transform the nutrient properties of the food into blood. That is indigestion. The system is deprived of the amount of nourishment required to keep up the strength, and the result is that one or more of the delicate organs gradually grows weak, and then weaker, until finally it is diseased. Here a great mistake is made. That of treating the diseased organ. The best doctors in the land make this very mistake. Why should they? It is so easy to see that the trouble is not there.

Kodol Cures

This famous remedy puts the stomach and digestive organs in a healthy condition so that rich, red blood is sent coursing through the veins and arteries of every muscle, tissue and fiber throughout every organ of the entire body, and by Nature's law of health, full strength and vigor is soon restored to each.

Kodol cures indigestion, dyspepsia and all stomach disorders.

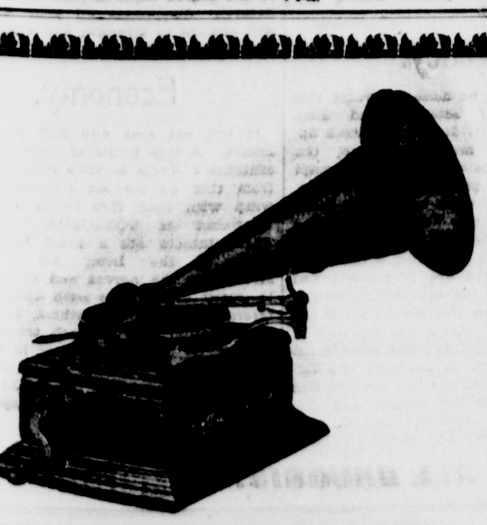

I have taken Kodol for nearly two months after each meal and it is the only remedy that gave relief from the terrible pains I endured. After a time I would take it but once a day, and now, while I keep a bottle handy, I seldom need it, as it has cured me. MRS. J. W. COOLBAUGH, Milo Center, N. Y.

Alphonso Weed, the tramp mayor of Amesville, was arrested at Canton for drunkenness.

The city council of Coshocton may permit the members of the police force to resign, as there is no money in the treasury to pay salaries for the last two weeks and no funds available.

Rev. Howard Taylor, son of Prof. A. Y. Taylor, of Alliance, has received a call to the largest Methodist church in New York city, and has accepted. He has been preaching at Providence, R. I.

Leo Nye had a narrow escape from cremation at Canton. Nye was found at home with his clothes aflame, but refused to give any explanation as to the origin of the fire. He was badly burned.

The Scheu family of four, and Mrs. Canada, sister of Mrs. Scheu, had a narrow escape from death by asphyxiation at Canal Dover, the result of a leak in a gas pipe. All were unconscious when found.

A Timely Suggestion.

This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be warded off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children, for it contains no harmful substance. It is pleasant to take—both adults and children like it. Buy it and you will get the best. It always cures. Sold by Alvin H. Bulger.

EAST END

PETITION READY FOR FORWARDING

1,500 PATRONS WANT FREE DELIVERY EXTENDED.

Congressman Kennedy Is Asked to Use His Influence With the Postoffice Department.

As a result of the efforts of a committee from the East End Improvement association a monster petition, signed by more than 1,500 patrons, has been prepared for forwarding to Washington. The petitioners ask the Hon. James Kennedy, congressman for this district, to use his best efforts to have established in the shortest possible time the free delivery of mail. Mention of the work of the committee, which is composed of Messrs. R. W. Laughlin, W. C. Poynter and T. J. Andrews, was made a week or more ago.

The 1,500 signatures represent the vast majority of the patrons of the East End postoffice and demonstrates the sentiment as to free delivery. For the benefit of the many patrons, who by reason of living or having business places near the office do not care for the delivery and in recognition of the efficient services of Postmaster Baird, the petitioners desire that the office be maintained and be made a distributing point for the East End carriers. This is necessary in the free delivery system if prompt distribution is to be had.

The East End has become so densely populated that the people cannot be properly served with the present facilities, without great inconvenience. From the extreme East End to the postoffice the distance is more than a mile and people are compelled to travel it to get mail. These people would be served by carriers. To show just what the conditions are a copy of the map issued during the last campaign, showing the divisions of the city into voting precincts, will be attached to the petition.

The association is showing considerable progress in accomplishing its announced ends and another meeting will be held in the near future. President Smith has stated that he and Secretary W. C. Poynter would make a call for the meeting soon.

ANOTHER PASSENGER ON FIRST RAILROAD TRIP

R. M. Russell, of Barnesville, Writes Robert Baird About the Cadiz Extension.

Through the publication in the News Review a few days ago of the story of the first trip over the Cadiz extension of what is now the Panhandle road, Robert Baird, the venerable East End druggist, has heard from another one of those who remember the occurrence. A few days ago he received a letter from James M. Russell, of Barnesville, requesting the full story of the trip and asking about several acquaintances of the early days.

Most of the boyhood companions of Mr. Baird have passed away and Mr. Baird was unable to answer many of the queries. Mr. Russell inquired of the fighting McCooks, who in those days lived in Steubenville and with whom Mr. Baird was well acquainted. Postmaster Surles, whose army experiences led him through parts of Jefferson county, was also inquired for. Mr. Baird, while in the army, remembers many of the scenes hereabouts. One incident in which he participated was the supplying of Shackleford's forces with rations after the capture of Morgan at Richmond. Mr. Baird later was appointed postmaster at East Springfield, Jefferson county, where he served continuously for 17 years.

Mr. Russell was an early employe of the railroad and asked particularly about the crew on the first train that was taken over the Cadiz extension and gave some interesting facts concerning the early days of railroading.

Popular Entertainers Engaged.

Those in charge of the P. H. C. entertainment, to be given tonight in honor of the visitors from Triumph circle, of Allegheny, have arranged an interesting program, containing numbers by popular local performers. Misses Ila and Wilma Marshall, the little daughters of Dr. and Mrs. R. J. Marshll, will give recitations, and Misses Fannie and Florence Schmelzenbach will provide instrumental music. Dr. J. Howard Davis will recite and Prof. McDonald will represent the Wellsville circle.

Postoffice Report.

Postmaster Will Baird is forwarding his report for the month of November. The receipts show a substantial increase over last month and were the largest since the office was moved to the present quarters. The stamp sales amounted to $219.65 and the money orders issued will aggregate about $2,900.

Woman's Ills

How rare a thing to find a woman who is perfectly healthy. Fully seventy per cent. of the sex suffers from ailments which often render life a burden. These afflictions cause nervousness, irritability, melancholia, hysteria, etc. They entirely unfit a woman for life's work and deprive her of most of its joys.

AUNT DINAH'S OLD VIRGINIA Herb Tea

WOMAN'S SAFE GUARD.

Those suffering with disordered menstruation, female weakness, prolapsus, etc., will find immediate relief from the use of Aunt Dinah's Old Virginia Herb Tea and in the majority of cases it will bring about a complete cure. It is a positive cure for chronic constipation, sick headache and indigestion. In case of nervousness and sleeplessness this tea will be found indeed a boon. It has a soothing and quieting effect on the nerves and invariably induces sound, refreshing sleep. A cupful at bed-time is all that is necessary to make a woman well and keep her well.

Hamlins Wizard Oil Co., Chicago, Ill.:

Two years ago I suffered with female complaint and used your Aunt Dinah's Old Virginia Herb Tea with great success. I have just begun taking it again and I feel much younger and stronger. If every woman sufferer could know the relief she would experience by using your Herb Tea she would never be without it. It is a most wonderful remedy and I take pleasure in recommending it to any lady who is suffering with female troubles. Miss C. L. CARPENTER.

"The Camel of California"

Just as the camel is the ship of the desert, so is the meek and lowly burro a favorite means of transportation among the mountains of Southern California. It is slow but it is sure. It will climb steeper trails than a horse ever dreamed of scaling. Its back is broad—which helps to make riding easy. It is stupid but fairly docile. You need not fear that it will stumble and so you can enjoy the scenery to the utmost.

Going to California via the Rock Island System is very different from traveling thro' the State on the back of a burro. But there is this similarity—both are pleasant.

I am always glad to quote rates and give information about our thro' car service.

A FOREMAN'S TESTIMONY

Mr. Edward Hawley, Foreman of the Albert Pack Lumber Co. Cleveland, O.

To Whom it May Concern:

I have been a sufferer for years from dyspepsia and indigestion. I got nervous and weak and run down in flesh and was unable to attend to my work at times. I would suffer from gas in the stomach until I thought every moment was my last. I could not draw a full breath, everything I ate would distress me, my stomach would get sour and ferment. Had a pressure in my chest, I would get drowsy, have chills and sweat and many symptoms I cannot describe. I was advised to try Vetter's Dyspepsia Remedy, and I am thankful I did, for it cured me entirely. I can eat anything now without having any distress or troubles I had before using the Remedy. I give this statement for the benefit of other sufferers.

Letters from Women

Cured by the use of Kodol are received daily. Their troubles nearly all begin with indigestion or other stomach disorder.

If the food you eat fails to give strength to your body, it is because the juices secreted by the stomach and digestive organs are inadequate to transform the nutrient properties of the food into blood. That is indigestion. The system is deprived of the amount of nourishment required to keep up the strength, and the result is that one or more of the delicate organs gradually grows weak, and then weaker, until finally it is diseased. Here a great mistake is made. That of treating the diseased organ. The best doctors in the land make this very mistake. Why should they? It is so easy to see that the trouble is not there.

Kodol Cures

This famous remedy puts the stomach and digestive organs in a healthy condition so that rich, red blood is sent coursing through the veins and arteries of every muscle, tissue and fiber throughout every organ of the entire body, and by Nature's law of health, full strength and vigor is soon restored to each.

Kodol cures indigestion, dyspepsia and all stomach disorders.

I have taken Kodol for nearly two months after each meal and it is the only remedy that gave relief from the terrible pains I endured. After a time I would take it but once a day, and now, while I keep a bottle handy, I seldom need it, as it has cured me. Mrs. J. W. Coolbaugh, Milo Center, N. Y.

ALLIED PRINTING TRADES UNION LABEL COUNCIL EAST LIVERPOOL, O.

TUESDAY, DECEMBER 1, 1903.

The coasting operations of youthful sled owners ought to be restriced in some way. Already the sidewalks on many a hill street have been rendered so smooth as to be dangerous to pedestrians. The inevitable result, if the thing is to continue without police interference, will be broken limbs and other accidents. The News Review is in favor of the children enjoying something of young America's time-honored privilege and having a place to coast. But that place should not be a snow-covered sidewalk, which is dangerous under the best of condiflons. The ordinances which require property owners to clear the walks in front of their premises should be rigidly enforced, and the sleds and their occupants be required to take to the streets. The danger of encountering teams remains, but it is not as great as that of running off the walks or against pedestrians or letting the sled dash against trees or posts along the walks. In a city with so many hilly streets as East Liverpool has, the coasting problem is one that needs to be wisely and sternly regulated, if melancholy accidents and costly damage suits are to be avoided.

Again we call attention to our circulation statement, and remind readers and advertisers that the News Review is the only East Liverpool paper which makes public its circulation figures. The average daily circulation for November was 3,549, an increase of 253 over that of October. This is not an estimate, but the actual figures, carefully compiled and verified from day to day, and the result attested by a sworn statement. It does not represent the number of papers printed, but the actual, paid circulation, as sample copies, free copies and copies used by employes are eliminated from the count. The gain, 253 in a month, while not enormous, is certainly creditable, considering the fact that there are three papers published in this city, one of which has lately been giving subscribers the benefit of a five cents a week rate, besides distributing hundreds of copies gratuitously each day. The News Review is so far in the lead of the others that they can scarcely be ranked as competitors. Watch its growth.

The estimated population of the world in 1903 is 1,547,423,000, which is an increase of 39,505,000 over the estimate for 1897, or an average increase of 6,584,166 a year. At this rate race suicide is nothing to worry about.

Kruger, alias Culver, may not prove himself an extraordinary sort of criminal, but he is doing his best to convince the world that the Pennsylvania court which decided he ought to hang made no mistake.

The state Democracy is soon to have a big banquet at Columbus. We have not seen the bill of fare, but would suggest that a goose that has been thoroughly cooked would be one very appropriate item.

There are enough honest men in the country to fill all government positions, and President Roosevelt will see that they get them.

Just at present more Americans are talking about Santa Claus than any other individual, however exalted his station.

Wonder if Prophet Dowie could see far enough into the future to know that those suits for debt were coming?

Carrie Nation and a few other old women have announced their opposition to President Roosevelt.

Philadelphia quotes sauerkraut at $20 a ton, and there is lamentation in Germantown and Reading.

The snow ball is quite as perniciously active now as the foot ball was only a week ago.

So far there is nothing lamblike about the winter of 1903-4 except its color.

OBITUARY

James Gallagher.

Salineville, December 1.—(Special.)—James Gallagher, aged 70, died this morning after a short illness from hear trouble. He had been a resident of Salineville for a number of years. He was employed in the mines here until about 10 years ago when he embarked in the liquor business in which he has been very successful in accumulating some wealth. He leaves a widow, 10 sons and one daughter. All of the children live her except two, who reside in Leetonia. The funeral services will take place Wednesday morning at St. Patrick's church. Interment will be made in St. Patrick's cemetery.

Leavitt Will Run for Congress.

St. Louis, Dec. 1.—Mrs. Ruth Bryan Leavitt, daughter of W. J. Bryan, writing to Miss Zoe Akins, daughter of the chairman of the Republican state central committee, says that her artist husband, William Homer Leavitt, has decided to remain at Humansville, Mo., where the couple have been guests since their marriage, and next year seek the Republican nomination for congress in the Seventh district.

Railroad Men Injured.

Parkersburg, W. Va., Dec. 1.—Passenger train No. 12 on the Baltimore and Ohio Southwestern railroad, eastbound, ran into an open switch at Belpre, two miles west of here, wrecking the engine, baggage and mail cars and three cars of a freight train on the siding. Engineer Frank McWhorter, of Chillicothe, was seriously injured and William Schriver, of Evansville, Ind., was slightly hurt.

AT THE THEATER

"The Darkest Hour," Lincoln J. Carter's great scenic comedy, will be seen here at the Grand next Saturday night. Those who saw Charles A. (Karl) Gardner in this piece last year, with his laughable humor, keen wit and sweet voice will remember what an impression he made and with what approval he came to us. People seem never to tire of hearing his melodious voice and his old selections.

Among the many novelties offered by Manager Charles H. Yale for the coming season which marks the twenty-second edition of the "Everlasting Devil's Auction," is the introduction in the first act of this famous spectacle, of a new spectacular, panoramic effect entitled "The Inferno," which depicts in a series of weird and awe-inspiring stage pictures the journey of a lost soul to Hades.

"As pure as a flower, as rich as a field of golden grain, and as true to nature as a hollyhock on a country roadside," is what a leading daily recently said of the great New England play, "Quincy Adams Sawyer," which comes here December 11, at the Grand opera house.

Miss Mabel McKinley, who is booked to appear December 9, is reported dangerously ill at Owensboro, Ky., and her company is said to have disbanded.

The Elks' benefit will be held March 16 at the Grand. Adelaide Thurston, a noted actor, in "Polly Primrose," will be the attraction.

Freshmen Ask Aid of Police.

New York, Dec. 1.—In order to guard against being kidnaped by the sophomores on their way to their annual class dinner the freshmen of Columbia university were compelled to have recourse to the unprecedented step of calling upon the police for protection. In spite of this, however, only about 100 of the 250 members of the class were able to reach the Hotel Ansonia, where the dinner was held. Of the rest nearly all, including most of the football eleven, were captured by the sophomores, tied together in twos and threes, and confined in the rooms of the sophomores. In some instances cellars were hired and turned into prisons for the freshmen. The football men and about a score of others were imprisoned in the cellar of the Phi Delta Kappa club, from which they escaped through a coal hole.

Dan Patch Breaks Two Records.

Macon, Ga., Dec. 1.—In the face of a cold and driving wind and with the temperature at 47 degrees, Dan Patch broke two world's pacing records. To a high-wheel sulky he lowered Directum's record of 2:06 for a mile to 2:04¾. Five minutes later, to the usual track sulky, he went two miles in 4:17, lowering Nervolo's record by two seconds flat. He was driven by M. E. McHenry, and the claim is made that, under the weather conditions, the races were perhaps the fastest ever known.

Cashier Charged With Embezzlement.

Chicago, Dec. 1.—Charged with the embezzlement of $60,000 from the First National bank of Dundee, Ill., which closed its doors Nov. 22, Cashier Francis Wright was arrested on complaint of Receiver David A. Cook and brought to Chicago. His bonds were fixed at $20,000, but he was unable to furnish a bondsman for the amount, and was sent to the county jail.

Many Miners Discharged.

Houghton, Mich., Dec. 1.—The discharge of 350 men at the mines of the Cleveland Cliffs company at Ishpemington was totally unexpected and came because of a slackened demand for iron ore and the enormous stock piles accumulated. While the discharge will make business dull it will not cause suffering as the demand for miners is brisk elsewhere.

Froze to Death in Refrigerator Car.

Minneapolis, Dec. 1.—Car inspectors working on a refrigerator car which arrived from Gladstone, Mich., found the frozen body of Earl Seaburg, a young man from Emery, Wis. The body was frozen stiff and the indications are that he was frozen to death while lying unconscious in the icebox. The authorities at Emery, Wis., were notified.

Twenty Million Catarrh Victims!

CAN YOU REALIZE IT? ARE YOU ONE OF THEM?

And every victim caught it from some one else. BRAZILIAN BALM A POSITIVE CURE. Cheapest and best remedy on earth. A $1.00 bottle gives One Month's treatment. A Tonic and Strength Builder FREE with every $1.00 Bottle.

If Twenty Millions of our people had Smallpox, Typhoid Fever or Cholera what a cyclone of excitement and horror would sweep over the land. What a rush to get away from it, and what a mighty effort would be made to stamp it out.

Yet CATARRH is worse than either of them. They do their work quick and it is over; while Catarrh hangs on for ever and leads to sure death in some form unless the germs are destroyed and driven from the system. These germs or microbes entrench themselves in the deep and tortuous passages of the head. Brazilian Balm boldly attacks them in their stronghold and compels a surrender of the last microbe. With the head rotting away, the whole system soon becomes impregnated. It is the parent of nearly every other disease.

Forty Years Ago

There were less than 10,000 Catarrh Victims in the land. To-day there are over twenty million. It has become the NATIONAL DISEASE. Catarrh is everywhere. In every city, town and hamlet. On every mountain, in every valley and plain; in forest and prairie. The rich, the poor, the business man, the mechanic, the laborer, the mistress, the maid; it knows no class, no sex, no station. It is the universal malady, the yellow distemper, the disease that is the parent of nearly all other diseases, the slow but sure yellow death, the curse of the land.

Urgency.

Something must be done to arrest this rapidly spreading scourge and done quickly. Each individual must wake up, each community must wake up, the Nation must wake up and take prompt action to stay the progress of the plague. The one remedy that has been found able to cope with this putrid disease and stay its ravages is Brazilian Balm. For 15 years its march has been a march of triumph. Its cures are permanent and are numbered by the tens of thousands. For every disease the good Father has given a sure antidote if we can find it. The antidote for Catarrh has been found in Brazilian Balm. It destroys the Catarrh microbe. It clears the head of foul mucus; it makes the breath and discharges immune (non-contagious); relieves the headache and gradually heals the ulcers, the running sores in the head, thus stopping the dropping into the throat. At the same time the cough, the asthma and bronchitis and sore throat will disappear, also all stomach trouble, caused by constant swallowing of the putrid Catarrh pus. And as your Catarrh disappears all your weakness will change to strength and vitality and you will be like your old self again.

Economy.

It will not cost you $5.00 or $10.00 a month. A $1.00 bottle of Brazilian Balm contains a whole month's treatment, and from this on for six months we will wrap with each $1.00 bottle a month's treatment of TOXICOLA TABLETS. These tablets are a great tonic; they wake up the liver, aid digestion, strengthen the nerves and give vitality to every organ. No such offer to sufferers from Catarrh, Asthma, Bronchitis, Consumption and Stomach troubles was ever made before. Summer is the best time to treat Catarrh, as it is not so violent as in winter. B. ALLIED PRINTING TRADES UNION LABEL COUNCIL EAST LIVERPOOL, O.

TUESDAY, DECEMBER 1, 1903.

The coasting operations of youthful sled owners ought to be restriced in some way. Already the sidewalks on many a hill street have been rendered so smooth as to be dangerous to pedestrians. The inevitable result, if the thing is to continue without police interference, will be broken limbs and other accidents. The News Review is in favor of the children enjoying something of young America's time-honored privilege and having a place to coast. But that place should not be a snow-covered sidewalk, which is dangerous under the best of conditions. The ordinances which require property owners to clear the walks in front of their premises should be rigidly enforced, and the sleds and their occupants be required to take to the streets. The danger of encountering teams remains, but it is not as great as that of running off the walks or against pedestrians or letting the sled dash against trees or posts along the walks. In a city with so many hilly streets as East Liverpool has, the coasting problem is one that needs to be wisely and sternly regulated, if melancholy accidents and costly damage suits are to be avoided.

Again we call attention to our circulation statement, and remind readers and advertisers that the News Review is the only East Liverpool paper which makes public its circulation figures. The average daily circulation for November was 3,549, an increase of 253 over that of October. This is not an estimate, but the actual figures, carefully compiled and verified from day to day, and the result attested by a sworn statement. It does not represent the number of papers printed, but the actual, paid circulation, as sample copies, free copies and copies used by employes are eliminated from the count. The gain, 253 in a month, while not enormous, is certainly creditable, considering the fact that there are three papers published in this city, one of which has lately been giving subscribers the benefit of a five cents a week rate, besides distributing hundreds of copies gratuitously each day. The News Review is so far in the lead of the others that they can scarcely be ranked as competitors. Watch its growth.

The estimated population of the world in 1903 is 1,547,423,000, which is an increase of 39,505,000 over the estimate for 1897, or an average increase of 6,584,166 a year. At this rate race suicide is nothing to worry about.

Kruger, alias Culver, may not prove himself an extraordinary sort of criminal, but he is doing his best to convince the world that the Pennsylvania court which decided he ought to hang made no mistake.

The state Democracy is soon to have a big banquet at Columbus. We have not seen the bill of fare, but would suggest that a goose that has been thoroughly cooked would be one very appropriate item.

The Chicago bandits were allowed to run at large a good while, but Chicago justice, having got hold of them, shows a disposition to make speedy amends.

Colonel Bryan's popularity in England is likely to diminish as rapidly as it has done in this country unless he gives his vocal chords a rest.

There are enough honest men in the country to fill all government positions, and President Roosevelt will see that they get them.

Just at present more Americans are talking about Santa Claus than any other individual, however exalted his station.

Wonder if Prophet Dowie could see far enough into the future to know that those suits for debt were coming?

Carrie Nation and a few other old women have announced their opposition to President Roosevelt.

Philadelphia quotes sauerkraut at $20 a ton, and there is lamentation in Germantown and Reading.

The snow ball is quite as perniciously active now as the foot ball was only a week ago.

So far there is nothing lamblike about the winter of 1903-4 except its color.

OBITUARY

James Gallagher.

Salineville, December 1.—(Special.)—James Gallagher, aged 70, died this morning after a short illness from hear trouble. He had been a resident of Salineville for a number of years. He was employed in the mines here until about 10 years ago when he embarked in the liquor business in which he has been very successful in accumulating some wealth. He leaves a widow, 10 sons and one daughter. All of the children live her except two, who reside in Leetonia. The funeral services will take place Wednesday morning at St. Patrick's church. Interment will be made in St. Patrick's cemetery.

Leavitt Will Run for Congress.

St. Louis, Dec. 1.—Mrs. Ruth Bryan Leavitt, daughter of W. J. Bryan, writing to Miss Zoe Akins, daughter of the chairman of the Republican state central committee, says that her artist husband, William Homer Leavitt, has decided to remain at Humansville, Mo., where the couple have been guests since their marriage, and next year seek the Republican nomination for congress in the Seventh district.

Railroad Men Injured.

Parkersburg, W. Va., Dec. 1.—Passenger train No. 12 on the Baltimore and Ohio Southwestern railroad, eastbound, ran into an open switch at Belpre, two miles west of here, wrecking the engine, baggage and mail cars and three cars of a freight train on the siding. Engineer Frank McWhorter, of Chillicothe, was seriously injured and William Schriver, of Evansville, Ind., was slightly hurt.

AT THE THEATER

"The Darkest Hour," Lincoln J. Carter's great scenic comedy, will be seen here at the Grand next Saturday night. Those who saw Charles A. (Karl) Gardner in this piece last year, with his laughable humor, keen wit and sweet voice wll remember what an impression he made and with what approval he came to us. People seem never to tire of hearing his melodious voice and his old selections.

Among the many novelties offered by Manager Charles H. Yale for the coming season which marks the twenty-second edition of the "Everlasting Devil's Auction," is the introduction in the first act of this famous spectacle, of a new spectacular, panoramic effect entitled "The Inferno," which depicts in a series of weird and awe-inspiring stage pictures the journey of a lost soul to Hades.

"As pure as a flower, as rich as a field of golden grain, and as true to nature as a hollyhock on a country roadside," is what a leading daily recently said of the great New England play, "Quincy Adams Sawyer," which comes here December 11, at the Grand opera house.

Miss Mabel McKinley, who is booked to appear December 9, is reported dangerously ill at Owensboro, Ky., and her company is said to have disbanded.

The Elks' benefit will be held March 16 at the Grand. Adelaide Thurston, a noted actor, in "Polly Primrose," will be the attraction.

Freshmen Ask Aid of Police.

New York, Dec. 1.—In order to guard against being kidnaped by the sophomores on their way to their annual class dinner the freshmen of Columbia university were compelled to have recourse to the unprecedented step of calling upon the police for protection In spite of this, however, only about 100 of the 250 members of the class were able to reach the Hotel Ansonia, where the dinner was held. Of the rest nearly all, including most of the football eleven, were captured by the sophomores, tied together in twos and threes, and confined in the rooms of the sophomores. In some instances cellars were hired and turned into prisons for the freshmen. The football men and about a score of others were imprisoned in the cellar of the Phi Delta Kappa club, from which they escaped through a coal hole.

MILL MEN MEET TO DISCUSS WAGES

An Important Matter For Employes of the Tin Plate Company.

AN OFFICIAL NOTIFICATION

Of the Reduction in Wages Causes Much Discussion Among the Chester Employes—Varying Opinions Are Expressed on the Subject.

Chester mill men will meet tonight to discuss the proposed wage reduction.

Since the announcement was made in an indirect way that a reduction in wages would be put in effect in all of the plants of the American Tin Plate company, business interests of Chester have suffered to some extent, and for this reason the News Review has said nothing, preferring to wait until there was something definite to announce before agitating the already unsteady condition in the commercial world.

Nearly two weeks ago the information was given out from a source which at the time seemed reasonably reliable, that the employes of the company would be compelled to submit to a cut of not less than 10 per cent. In some instances the story was credited, but in a very large majority of cases the mill men paid little attention to the report, determining to meet the undesirable condition only when it emanated from an official source. Not until yesterday did this occur, and then but few were made acquainted with the exact situation.

A committee of three, composed of Harry Herbert, Garrett Jackson and Jack Hogue, all of whom are rollers, was summoned to the office yesterday and the facts laid before them. An attempt was made to outline the precise intention of the company, so that no one in any way interested could misunderstand. For the remainder of the day the proposed reduction was the sole topic of discussion. Men who had to that time refused to discuss the matter, took it up and as near as possible endeavored to meet the proposition squarely.

As matters now stand no one seems to have been given a definite idea as to what the reduction will actually amount to in the several departments. The only point which has been made positively clear is that every one of the more than 400 employes would be called upon to suffer a reduction of more or less importance. It was said that so far as it was possible the cut would be made to affect those of the workmen who could best afford to stand it. Many of the employes working as helpers or at unskilled trades cannot submit to much of a reduction and live, and it is announced the cut in these cases will be small. It was further stated that in at least two instances the new order of things will make a change of $500 or $600 a year in the wages of certain skilled men, and that they could very well afford to take the cut.

A number of the more experienced workmen got together during the day and arrangements were made for a meeting to be held this evening at 5 o'clock. The word was passed around and every employe of the mill who is able to do so will be present. It is confidently expected the points upon which light is needed will all be explained at the meeting and the workers will then be able to act in an intelligent manner. The meeting will be held in Bloom's hall on First street.

The outcome of the mass meeting this evening will be eagerly awaited by the citizens and business men, and while all entertain the hope that the situation can be relieved by an acceptance of the company's terms on the part of the men, there are those in Chester who believe a majority of the men will resist the effort to reduce the wages of the mill workers. An opportunity will be given the workers freely to discuss the situation—in fact, that is what the meeting has been called for—and from the expressions heard on the street there will be many differences of opinion.

WHAT IS CATARRH ?

Hyomei Cures This Common and Disagreeable Disease.

Hyomei cures catarrh by the simple method of breathing it into the air passages and lungs. It kills the germs of catarrhal poison, heals and soothes the irritated mucous membrane, enters the blood with the oxygen and kills the germs present there, effectually driving this disease from the system.

The complete Hyomei outfit costs but $1.00 and comprises an inhaler, a bottle of Hyomei and a dropper. The inhaler will last a lifetime, and additional bottles of Hyomei can be obtained for 50c.

If you have any of the following symptoms, catarrhal germs are at work somewhere in the mucous membrane of the nose, throat, bronchial tubes or tissues of the lungs.

offensive breath
dryness of the nose
pain across the eyes
pain in back of the head
pain in front of the head
tendency to take cold
burning pain in the throat
hawking to clear the throat
pain in the chest
a cough
stitch in side
losing of flesh
variable appetite
low spirited at times
raising of frothy mucous
expectorating yellow matter
difficulty in breathing
frequent sneezing
huskiness of voice
discharge from the nose
stoppage of the nose at night
aching of the body
droppings in the throat
mouth open while sleeping
tickling back of the palate
formation of crusts in the nose
dryness of the throat in the morning
loss of strength
spasms of coughing
cough short and hacking
cough worse nights and mornings
loss in vital force
a feeling of tightness across the upper part of the chest

Hyomei will destroy activity of all catarrhal germs in the respiratory organs and in a few weeks the cure will be complete.

This is a strong statement, but Will Reed emphasizes it, by agreeing to refund your money if Hyomei does not cure.

INCREASING BUSINESS

Chester Postoffice Receipts for Month of November Show Big Increase.

The citizens of Chester have no better evidence that their town is entitled to and will speedily assume a position among the state's best and most prosperous little cities, than the amount of business transacted by the Chester postoffice during the last few months.

Since the name of the office was changed and the appointment of W. C. Johnston was made by the president the office has been growing in popularity and importance. A short time after assuming charge of the office Mr. Johnston succeeded in making the department at Washington see the importance of adding the money order feature to the local branch. From that time to the present the income has been steadily growing. The month of October was the best in the history of the office, and November's business was over 60 per cent in excess of that transacted in October. There is every reason for the belief that the branch office will grow steadily from now on.

AN ENJOYABLE PARTY.

James Murray Surprised By a Large Number of Friends Last Evening.

A number of the friends of the family together with several out of town guests assembled at the home of Mr. and Mrs. James Murray on Fifth street last night, and assisted in the celebration of Mr. Murray's fifty-eighth birthday.

The affair was a complete surprise, and was arranged by Mrs. Murray and the children. The evening was very pleasantly spent, Mr. Murray being the recipient of a number of handsome and valuable presents. A sumptuous supper was served and the large party of guests were entertained in a delightful manner.

One of the most pleasing features of the occasion, and one which had its touching side, was the presentation to Mr. Murray of a very beautiful hand carved gold watch, the gift of Mrs. Murray and her daughter Lydia. The out-of-town guests were: I. Sulsbacher, Miss Anna Gorman, Mrs. Minne McCreary, E. J. Helms, Steubenville; H. A. McGonigle, New Cumberland; Mr. Wheaton, Scio; William Humes, Toronto.

SUCCESSFUL MEETINGS

A Series of Evangelistic Meetings Started Last Night Under Favorable Auspices.

The first of a series of evangelistic meetings was held at the Chester United Presbyterian church last night, the attendance being unusually large. The congregation is one of the largest in this part of the county and the meetings give promise of being both interesting and profitable.

Rev. T. Carin S. Anderson, pastor of the United Presbyterian church at Tarentum, Pa., has been engaged to assist the regular pastor, Rev. W. Bruce Gillis, in the series of meetings now going on. Rev. Mr. Anderson is a powerful speaker and his sermon was one of the best ever listened to in Chester. The evangelistic services will be continued until December 9, and many conversions will likely be the outcome.

Good For 15 Barrels.

John Webster and George Howells went out to the Geer well this afternoon and will superintend the repairs to the pump. When the apparatus broke Saturday evening several barrels of oil had been pumped from the well. Seven hundred feet of oil was standing in the well at the beginning, and in a very short time after drilling was suspended it had filled up once more. It is now estimated the well will be good for 15 barrels per day.

CHESTER NOTES.

Mrs. Mary V. Hall, of Ravenswood, is the guest of Mrs. Ed. Anderson, of Montana avenue.

It is announced that the big department store to be operated by the Poole company will be opened on Monday.

The Chester schools are in a flourishing condition. Superintendent Miller has the several departments well in hand, and the term will be the most successful in the history of the institution.

BOUGHT FOR $1 VALUABLE STOCK

H. C. WOOSTER'S LUCKY PURCHASE 25 YEARS AGO.

Certificates Once Considered Valueless Now Worth from $3,000 to $4,000.

Stranger than fiction is the story related by H. C. Wooster, a merchant of lower Clark avenue. Twenty-five years ago he purchased some stock in the Savings & Loan company of Pittsburg for $1 from William G. McCullough, of Yellow Creek. At that time the company was supposed to be insolvent and Mr. McCullough, anxious to dispose of the stock, thinking it unworthy of further retention made the proffer to Mr. Wooster, who accepted it. During the interim of 25 years there were some assessments levied, which Mr. Wooster promptly paid.

Last week a well known attorney of Pittsburg wrote Mr. Wooster, requesting the power of attorney to dispose of his stock in the supposed defunct institution, and the latter gentleman now finds that the proffer amounts to between $3,000 and $4,000 for the shares. He is at present undecided whether to accept the proffer or not and is comfortably situated and may await further developments.

CHANGES AT YELLOW CREEK

Old Bridge to Be Replaced By New One And Other Big Improvements Made.

The C. & P. railway bridge at Yellow Creek will be torn down and double tracked. A trestle will be built around it to afford the passage of trains down the river division during the interim. Three crews of workmen are now employed near the Diamond creamery, one-half mile east from Yellow Creek, in grading, double-tracking work and straightening out curves.

The force is also employed in cutting away a large promitory at this point and using the loose dirt in making numerous fills. C. A. Sims & Co. have fully 500 men engaged in this work.

Improvements at the Station.

A new platform is being put in at the upper depot between the double tracks which were opened for use yesterday, and up-bound trains will arrive on this track. It is probable that fences and gates will be added to do away with the danger in crossing the tracks, and greatly facilitate matters in passengers taking wrong trains. The upper depot will assume rather a metropolitan appearance, and really deserves all the improvements to be added owing to the large amount of passenger and freight traffic handled at this point. The "boys" at the depot find things just a little more arduous at present, but will soon swing into line under the new order of things.

MILL MEN MEET TO DISCUSS WAGES

An Important Matter For Employes of the Tin Plate Company.

Time seems most untimely when he brings a woman to the turn of life. Life is or should be at its ripest and best for her, and she approaches this change with a dread of its effect born of her knowledge of the sufferings of other women at this season.

There is not the slightest cause for fear or anxiety at this period if Dr. Pierce's Favorite Prescription is used. It gives health of body and cheerfulness of mind, and by its aid the pains and pangs of this critical period are prevented or cured.

Dr. Pierce's Favorite Prescription is woman's medicine with a wonderful record of cures of womanly diseases. Diseases that all other medicines had failed to cure, have been perfectly and permanently cured by the use of "Favorite Prescription."

"I feel it my duty to write you as I have received so much benefit from the use of your medicine," says Mrs. Lizzie A. Bowman, of New Matamoras, Washington Co., Ohio. "I have taken four bottles of 'Favorite Prescription' for female weakness and change of life. Before I began taking it I could not do anything. I had such pains in my head and in the back of my neck that I thought I would lose my mind. Now I can work every day. I recommend 'Favorite Prescription' to all females suffering in the period of change of life. It is the best medicine I have found."

"Favorite Prescription" has the testimony of thousands of women to its complete cure of womanly diseases. Do not accept an unknown and unproved substitute in its place.

Keep the bowels healthy by the timely use of Dr. Pierce's Pleasant Pellets.

REALM OF SPORTS

ROVERS HAVE QUIT FOR THIS SEASON

Remarkable Record of the Team Shown By Comparison With the Play of Opponents.

The Rovers have ended the season of 1903, one of the most successful in the history of the organization from the standpoint of victories. While the boys have failed to make any money out of the games at West End park they covered themselves with glory by defeating the best teams hereabouts, and altogether are satisfied with the results. About the only thing to mar the record is the injury to the two players sustained in the last games.

The Rovers were not defeated during the season, if the Empire fiasco is ignored. Oakland, Sebring, Toronto, Chester and Wellsville were beaten, among the other strong teams, most of which outweighed the Rovers. Reviewing the season it can be said that the Rovers excelled at many points. They were better at defensive play, but were not held successfully when on the offensive, they were better punters and won two games by kicking field goals, long chances that the opposing teams did not care to risk. In team work the Rovers were head and shoulders above their opponents.

A benefit game for the two injured players, Robbins and Harvey, was planned, but has been abandoned and instead a dance will be given. Robbins and Harvey will be kept from work more than a month and have incurred considerable expense, besides losing the time from work. The dance should be well patronized.

The Rovers' organization will be maintained and the team will be in the field again next season.

TALK OF FORMING A HOCKEY LEAGUE

Local Athletes Are Looking for a Winter Game And Favor the King of Ice Sports.

Now that the foot ball players have placed themselves at the mercy of the barbers, so far as their shocks of hair are concerned, they are beginning to cast about for some other athletic game that can be played during the winter season. Those who do not care for basket ball are planning to take up the fascinating game of hockey, the king of all ice sports.

Already there has been talk of a local hockey league, to comprise four clubs, but its formation is hardly likely this year, owing to a scarcity of experienced players. Many young athletes will take up the game this season, and as it is becoming more and more popular there should be plenty of players for the league next season. Next year with the completion of the lake at Rock Springs par, skating will prove to be the popular pastime with the young people and it is only natural that hockey be given general attention. Pittsburg is the hockey center of the United States.

At the meeting of the Crockery City base ball team which is to be held the latter part of this week it is probable that a hockey team will be formed. Several of the boys have played the game and like it immensely. While young the Crockery Citys feel able to contest with any other organization that may put a hockey team in the field.

"CURLY" MILLER HAS MADE GOOD AT NILES

Local Boy, Turned Down Here, Is Fullback on the Niles Professional Team.

After being continually snubbed by managers of local foot ball teams early in the season and refused the chance to show what was in him as a foot ball player, Floyd Miller, better known as "Curly," is drawing a handsome salary for playing one game a week with the Niles professional eleven. He can afford to laugh at the local players who refused to believe that he could play foot ball, for not only is he in the game, but he is filling the responsible position of fullback and by phenomenal playing has become about the whole thing around Niles.

When Sebring played Oakland here this season, the sporting editor of the News Review heard Miller beg to be permitted to play, but the request was refused. He had confidence in spite of many rebluffs, and as a result made good when the opportunity presented. Miller is a strapping big fellow, more than six feet high and about 189 pounds in weight.

FOOTBALL FATALITIES

Do Not Occur Among the Best Teams, But Among Those Who Do Not Observe the Rules.

The foot ball season just closed cost 19 lives, surely enough to give the opponents of the game some ground for their condemnation of it as a dangerous pastime. It is significant, however, that not one of the fatalities, and, so far as we know, not one serious accident, occurred among teams of the first class, says the Ohio State Journal. All of them, if we are correctly informed, befell boys or young men who did not observe the rules of careful physical preparation for their feats of speed, strength and skill.

With hardly an exception the record is substantially a repetition of those of previous years. The men who keep themselves in condition to play are rarely hurt. Foot ball coaches and school and college authorities should spare no effort to enforce the rules of training strictly, for foot ball has come to stay. The prevention of too heavy mass plays and good physical condition minimize the danger of injury.

WILL REORGANIZE

Crockery City Base Ball Team Will Hold a Meeting Some Time This Week.

The members of the Crockery City base ball club will get together probably at the end of the week for the purpose of reorganizing for the base ball season of 1904 and transacting other matters of importance. New uniforms will be secured and several new members admitted to the club. Officers will also be elected. Next season will be the fifth for the club, which has earned the reputation of being the best junior organization in town.

The following are members of the club: Fred Mountford, William Bridge, Charley Miller, Harry Meyers, Pudy Jones, John Coleman, T. Lynch, John Gallimore, C. Davidson, Dennis McDonald, Carl Wucherer and H. McAvoy.

LOCAL SPORTING NOTES.

Fullback Cartwright, of the Rovers, ended the season with the reputation of being the best local players produced in many years.

\+ \+ \+

Fred Mountford and others, of the high school foot ball teams, are making an effort to form a basket ball five. Several other teams may be organized in this city.

\+ \+ \+

Alex Stevenson, formerly a well known newspaper writer of this city, now in the real estate business in Pittsburg, has been coaching the Primrose foot ball team.

\+ \+ \+

Lem Harvey, the Rover, who had his ankle sprained in the Wellsville game, is able to get around with the aid of crutches. Robbins, who is suffering with a broken arm, is also getting along nicely.

FOUNDING A NEW JERUSALEM.

New York Selected for Creation of Prophesied City.

New York, Dec. 1.—Descendants of the members of the ancient town corporation of New Harlem met to reorganize the town government of colonial days, the reorganization, according to the announcement, being "the first legal step in the redemption of the Harlem lands and properties granted to the freeholders and inhabitants of Harlem in 1666." The purpose, as stated by Henry D. Toler, the chief promoter, in an address, was the creation of the New Jerusalem. At the meeting officers were elected and a corporate seal, necessary in prosecuting suits against the present owners of the property, adopted.

Mr. Toler in a long address said that he was "convinced that the work was not of him, but of God, and that New York is the prophesied city of Truth and New Jerusalem."

He told of having consulted the Bible for advice and guidance by opening it at random, each time finding an apposite text, and said:

"Upon closer study of the Bible I was found that from cover to cover the prophecy spoke of this movement, the revelation of the New Jerusalem. In the past 25 years nearly 600,000 Jews have been gathered from the four corners of the earth and led to the city of New York until every fourth person in the borough of Manhattan is a Jew or a Jewess. Is this not a fact of significance when the Jewish race, restless for the city of truth, turns its face to America in rejection of the most flattering offers extended by the nations of the earth to settle elsewhere."

Mr. Toler was appointed agent and sole head of the corporation and is to receive one-fourth of all money or property received.

Sailors Perish in Storm.

Rome, Dec. 1.—Severe weather continues throughout Italy. For 25 years past there has been no such barometric depression as that now recorded in Rome. On the coast near Naples the bodies of several sailors have been found. An Italian cutter has been wrecked and her crew of seven lost. Near Avellino much damage has been done.

President Parry Issues Call.

Indianapolis, Dec. 1. — President Parry, of the National Industrial Association of America, has issued a call for the first meeting of the executive committee to be held at Dayton, O., Dec. 3, at which a secretary will be elected and the work of organization in different states will be arranged.

Mrs. Haskell, Worthy Vice-Templar, Independent Order Good Templars, of Silver Lake, Mass., tells of her cure by the use of Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—Four years ago I was nearly dead with inflammation and ulceration. I endured daily untold agony, and life was a burden to me. I had used medicines and washes internally and externally until I made up my mind that there was no relief for me. Calling at the home of a friend, I noticed a bottle of **Lydia E. Pinkham's Vegetable Compound.** My friend endorsed it highly, and I decided to give it a trial to see if it would help me. It took patience and perseverence for I was in bad condition, and I used **Lydia E. Pinkham's Vegetable Compound** for nearly five months before I was cured, but what a change, from despair to happiness, from misery to the delightful exhilarating feeling health always brings. I would not change back for a thousand dollars, and your Vegetable Compound is a grand medicine.

"I wish every sick woman would try it and be convinced."—MRS. IDA HASKELL, Silver Lake, Mass. Worthy Vice Templar, Independent Order of Good Templars.—*$5000 forfeit if original of above letter proving genuineness cannot be produced.*

What You Need for Constipation.

When troubled with constipation, what you need is a remedy that is sure to produce the desired effect. A remedy that is mild and gentle in its action. A remedy that leaves the bowels in a natural and healthy condition. A remedy that is easy and pleasant to take. Chamberlain's Stomach and Liver Tablets meet all of these requirements. Give them a trial and you will never wish to take another dose of pills. Use them as directed and they will cure chronic constipation. Price 25 cents. Every box is warranted For sale by Alvin H. Bulger.

Millionaire's Poor Stomach.

The worn-out stomach of the overfed millionaire is often paraded in the public prints as a horrible example of the evils attendant on the possession of great wealth. But millionaires are not the only ones who are afflicted with bad stomachs. The proportion is far greater among the toilers. Dyspepsia and indigestion are rampant among these people, and they suffer far worse tortures than the millionaire unless they avail themselves of a standard medicine like Green's August Flower, which has been a favorite house hold remedy for all stomach troubles for over 35 years. August Flower rouses the torpid liver, thus creating appetite and insuring perfect digestion. It tones and vitalizes the entire system and makes life worth living, no matter what your station. Trial bottles, 25c; regular size, 75c. At all druggists. 1

Auditor's Office, Columbiana County, Lisbon, Ohio, September 1, 1903.

I hereby certify that the foregoing is a true exhibit of the receipts and expenditures of Columbiana county, Ohio, for the year ending August 31, 1903, as shown by the records of this office.

J. F. ADAMS, Auditor.

Time seems most untimely when he brings a woman to the turn of life. Life is or should be at its ripest and best for her, and she approaches this change with a dread of its effect born of her knowledge of the sufferings of other women at this season.

There is not the slightest cause for fear or anxiety at this period if Dr. Pierce's Favorite Prescription is used. It gives health of body and cheerfulness of mind, and by its aid the pains and pangs of this critical period are prevented or cured.

Dr. Pierce's Favorite Prescription is woman's medicine with a wonderful record of cures of womanly diseases. Diseases that all other medicines had failed to cure, have been perfectly and permanently cured by the use of "Favorite Prescription."

"I feel it my duty to write you as I have received so much benefit from the use of your medicine," says Mrs. Lizzie A. Bowman, of New Mahmoras, Washington Co., Ohio. "I have taken four bottles of 'Favorite Prescription' for female weakness and change of life. Before I began taking it I could not do anything. I had such pains in my head and in the back of my neck that I thought I would lose my mind. Now I can work every day. I recommend 'Favorite Prescription' to all females suffering in the period of change of life. It is the best medicine I have found."

"Favorite Prescription" has the testimony of thousands of women to its complete cure of womanly diseases. Do not accept an unknown and unproved substitute in its place.

Keep the bowels healthy by the timely use of Dr. Pierce's Pleasant Pellets.

REALM OF SPORTS

ROVERS HAVE QUIT FOR THIS SEASON

Remarkable Record of the Team Shown By Comparison With the Play of Opponents.

The Rovers have ended the season of 1903, one of the most successful in the history of the organization from the standpoint of victories. While the boys have failed to make any money out of the games at West End park they covered themselves with glory by defeating the best teams hereabouts, and altogether are satisfied with the results. About the only thing to mar the record is the injury to the two players sustained in the last games.

The Rovers were not defeated during the season, if the Empire fiasco is ignored. Oakland, Sebring, Toronto, Chester and Wellsville were beaten, among the other strong teams, most of which outweighed the Rovers. Reviewing the season it can be said that the Rovers excelled at many points. They were better at defensive play, but were not held successfully when on the offensive, they were better punters and won two games by kicking field goals, long chances that the opposing teams did not care to risk. In team work the Rovers were head and shoulders above their opponents.

A benefit game for the two injured players, Robbins and Harvey, was planned, but has been abandoned and instead a dance will be given. Robbins and Harvey will be kept from work more than a month and have incurred considerable expense, besides losing the time from work. The dance should be well patronized.

The Rovers' organization will be maintained and the team will be in the field again next season.

TALK OF FORMING A HOCKEY LEAGUE

Local Athletes Are Looking for a Winter Game And Favor the King of Ice Sports.

Now that the foot ball players have placed themselves at the mercy of the barbers, so far as their shocks of hair are concerned, they are beginning to cast about for some other athletic game that can be played during the winter season. Those who do not care for basket ball are planning to take up the fascinating game of hockey, the king of all ice sports.

Already there has been talk of a local hockey league, to comprise four clubs, but its formation is hardly likely this year, owing to a scarcity of experienced players. Many young athletes will take up the game this season, and as it is becoming more and more popular there should be plenty of players for the league next season. Next year with the completion of the lake at Rock Springs par, skating will prove to be the popular pastime with the young people and it is only natural that hockey be given general attention. Pittsburg is the hockey center of the United States.

At the meeting of the Crockery City base ball team which is to be held the latter part of this week it is probable that a hockey team will be formed. Several of the boys have played the game and like it immensely. While young the Crockery Citys feel able to contest with any other organization that may put a hockey team in the field.

"CURLY" MILLER HAS MADE GOOD AT NILES

Local Boy, Turned Down Here, Is Fullback on the Niles Professional Team.

After being continually snubbed by managers of local foot ball teams early in the season and refused the chance to show what was in him as a foot ball player, Floyd Miller, better known as "Curly," is drawing a handsome salary for playing one game a week with the Niles professional eleven. He can afford to laugh at the local players who refused to believe that he could play foot ball, for not only is he in the game, but he is filling the responsible position of fullback and by phenomenal playing has become about the whole thing around Niles.

When Sebring played Oakland here this season, the sporting editor of the News Review heard Miller beg to be permitted to play, but the request was refused. He had confidence in spite of many rebluffs, and as a result made good when the opportunity presented. Miller is a strapping big fellow, more than six feet high and about 189 pounds in weight.

FOOTBALL FATALITIES

Do Not Occur Among the Best Teams, But Among Those Who Do Not Observe the Rules.

The foot ball season just closed cost 19 lives, surely enough to give the opponents of the game some ground for their condemnation of it as a dangerous pastime. It is significant, however, that not one of the fatalities, and, so far as we know, not one serious accident, occurred among teams of the first class, says the Ohio State Journal. All of them, if we are correctly informed, befell boys or young men who did not observe the rules of careful physical preparation for their feats of speed, strength and skill.

With hardly an exception the record is substantially a repetition of those of previous years. The men who keep themselves in condition to play are rarely hurt. Foot ball coaches and school and college authorities should spare no effort to enforce the rules of training strictly, for foot ball has come to stay. The prevention of too heavy mass plays and good physical condition minimize the danger of injury.

WILL REORGANIZE

Crockery City Base Ball Team Will Hold a Meeting Some Time This Week.

The members of the Crockery City base ball club will get together probably at the end of the week for the purpose of reorganizing for the base ball season of 1904 and transacting other matters of importance. New uniforms will be secured and several new members admitted to the club. Officers will also be elected. Next season will be the fifth for the club, which has earned the reputation of being the best junior organization in town.

The following are members of the club: Fred Mountford, William Bridge, Charley Miller, Harry Meyers, Pudy Jones, John Coleman, T. Lynch, John Gallimore, C. Davidson, Dennis McDonald, Carl Wucherer and H. McAvoy.

LOCAL SPORTING NOTES.

Fullback Cartwright, of the Rovers, ended the season with the reputation of being the best local players produced in many years.

\+ \+ \+

Fred Mountford and others, of the high school foot ball teams, are making an effort to form a basket ball five. Several other teams may be organized in this city.

\+ \+ \+

Alex Stevenson, formerly a well known newspaper writer of this city, now in the real estate business in Pittsburg, has been coaching the Primrose foot ball team.

\+ \+ \+

Lem Harvey, the Rover, who had his ankle sprained in the Wellsville game, is able to get around with the aid of crutches. Robbins, who is suffering with a broken arm, is also getting along nicely.

FOUNDING A NEW JERUSALEM.

New York Selected for Creation of Prophesied City.

New York, Dec. 1.—Descendants of the members of the ancient town corporation of New Harlem met to reorganize the town government of colonial days, the reorganization, according to the announcement, being "the first legal step in the redemption of the Harlem lands and properties granted to the freeholders and inhabitants of Harlem in 1666." The purpose, as stated by Henry D. Toler, the chief promoter, in an address, was the creation of the New Jerusalem. At the meeting officers were elected and a corporate seal, necessary in prosecuting suits against the present owners of the property, adopted.

Mr. Toler in a long address said that he was "convinced that the work was not of him, but of God, and that New York is the prophesied city of Truth and New Jerusalem."

He told of having consulted the Bible for advice and guidance by opening it at random, each time finding an apposite text, and said:

"Upon closer study of the Bible I was found that from cover to cover the prophecy spoke of this movement, the revelation of the New Jerusalem. In the past 25 years nearly 600,000 Jews have been gathered from the four corners of the earth and led to the city of New York until every fourth person in the borough of Manhattan is a Jew or a Jewess. Is this not a fact of significance when the Jewish race, restless for the city of truth, turns its face to America in rejection of the most flattering offers extended by the nations of the earth to settle elsewhere."

Mr. Toler was appointed agent and sole head of the corporation and is to receive one-fourth of all money or property received.

Sailors Perish in Storm.

Rome, Dec. 1.—Severe weather continues throughout Italy. For 25 years past there has been no such barometric depression as that now recorded in Rome. On the coast near Naples the bodies of several sailors have been found. An Italian cutter has been wrecked and her crew of seven lost. Near Avellino much damage has been done.

President Parry Issues Call.

Indianapolis, Dec. 1. — President Parry, of the National Industrial Association of America, has issued a call for the first meeting of the executive committee to be held at Dayton, O., Dec. 3, at which a secretary will be elected and the work of organization in different states will be arranged.

Mrs. Haskell, Worthy Vice-Templar, Independent Order Good Templars, of Silver Lake, Mass., tells of her cure by the use of Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—Four years ago I was nearly dead with inflammation and ulceration. I endured daily untold agony, and life was a burden to me. I had used medicines and washes internally and externally until I made up my mind that there was no relief for me. Calling at the home of a friend, I noticed a bottle of **Lydia E. Pinkham's Vegetable Compound.** My friend endorsed it highly, and I decided to give it a trial to see if it would help me. It took patience and perseverence for I was in bad condition, and I used **Lydia E. Pinkham's Vegetable Compound** for nearly five months before I was cured, but what a change, from despair to happiness, from misery to the delightful exhilarating feeling health always brings. I would not change back for a thousand dollars, and your Vegetable Compound is a grand medicine.

"I wish every sick woman would try it and be convinced."—MRS. IDA HASKELL, Silver Lake, Mass. Worthy Vice Templar, Independent Order of Good Templars. —*$5000 forfeit if original of above letter proving genuineness cannot be produced.*

What You Need for Constipation.

When troubled with constipation, what you need is a remedy that is sure to produce the desired effect. A remedy that is mild and gentle in its action. A remedy that leaves the bowels in a natural and healthy condition. A remedy that is easy and pleasant to take. Chamberlain's Stomach and Liver Tablets meet all of these requirements. Give them a trial and you will never wish to take another dose of pills. Use them as directed and they will cure chronic constipation. Price 25 cents. Every box is warranted For sale by Alvin H. Bulger.

Millionaire's Poor Stomach.

The worn-out stomach of the overfed millionaire is often paraded in the public prints as a horrible example of the evils attendant on the possession of great wealth. But millionaires are not the only ones who are afflicted with bad stomachs. The proportion is far greater among the toilers. Dyspepsia and indigestion are rampant among these people, and they suffer far worse tortures than the millionaire unless they avail themselves of a standard medicine like Green's August Flower, which has been a favorite house hold remedy for all stomach troubles for over 35 years. August Flower rouses the torpid liver, thus creating appetite and insuring perfect digestion. It tones and vitalizes the entire system and makes life worth living, no matter what your station. Trial bottles, 25c; regular size, 75c. At all druggists. 1

BRIGHTS DISEASE AND DIABETES NEWS

San Francisco, Nov. 26, 1903.
To Will Reed's Pharmacy.
Dear Sirs:
There are daily occurrences in this city that ought to be known all over the world. A guileless old gentleman, an octogenarian, a distant relative of Robert Fulton of first steamship fame, saved the lives of hundreds (probably thousands) after they were believed to be beyond human aid. His discovery is undoubtedly the long-sought cure of Bright's disease and diabetes.
This is not easy of belief and it is the purpose of a number of business and professional men of this city (of whom I am one) to tell the people. You are hereby authorized to tell all those in your city who have either Bright's Disease or Diabetes that nearly nine-tenths of them can recover. Among the business men who are giving moral and financial support and who would give neither if the above was not strictly true are Hon. D. M. HANGED TO ONE LIMB

Three Negroes Lynched in Louisiana for Murdering Business Man.

NEGROES ASSIST IN CAPTURE

Victims Given Opportunity to Pray—Confessed Their Crimes—Two Under Arrest Proved Their Innocence and Were Released.

Shreveport, La., Dec. 1.—In the presence of a crowd of about 1,200 persons, composed of whites and negroes, Phil Davis, Walter Carter and Clint Thomas, all negroes, were lynched within a short distance of Belcher, which is 20 miles from Shreveport. The men were executed for participating in the fatal shooting of Robert Adger, one of the most popular business men in North Louisiana.

The negroes confessed their crime. They stated that they were trying their guns and when Adger appeared on the street thought it quite natural to turn the guns on him.

No shots were fired at the lynching, the negroes all being hanged to a single limb of a tree. Two of the negroes under arrest, Sam Lee and Peter Thomas, were released. Lee proved that he had attempted to prevent the negroes from shooting Adger, and Thomas established the fact that he was too frightened to shoot.

Phil Davis and Walter Carter were captured several miles from the scene of their crime. Clint Thomas was caught later about a mile and a half from Belcher.

Davis is said to be an ex-convict and Walter Carter was forced to flee from Mansfield, La., about a year ago for insulting a white woman.

The negroes of Belcher joined in the search for the men and were apparently as eager to have them lynched as the whites. One negro was presented by the whites with a purse of $100 for the part he took in the pursuit.

The negroes who were lynched were given an opportunity to pray.

KENTUCKY TRAGEDY.

Two Dead at Hands of Assassin and One Fatally Wounded.

Louisville, Dec. 1.—A special from Hodgensville, Ky., reports the assassination of two men, the fatal wounding of a third man and the injury of another.

The dead: Squire Osborne and son Dave. Wounded: Will Gardner, will die; John Bennett, arm shattered.

The alleged murderer, Custor Gardner, a young farmer, was caught at Elizabethtown, after a desperate fight, and was taken to Munfordville and lodged in jail.

Under cover of darkness, while the intended victims were sitting around the fireside, the assassin crept to the window of the room and, placing his winchester near the glass, fired several times. Squire Osborne fell to the floor dead, his head torn almost off. His son Dave was shot through the heart and Will Gardner was wounded in the abdomen. John Bennett's left arm was shattered by a ball.

Squire Osborne is a district magistrate. The trouble had its incipiency in a family quarrel, which developed into a factional fight. Gardner has heretofore borne a good reputation. The tragedy has caused the greatest excitement in years in Larue, Hart and Hardin counties, where the principals are well known and have many relatives.

Yellow Fever Quarantine Raised.

Laredo, Tex., Dec. 1.—Governor Lanham issued a proclamation raising the yellow fever quarantine which has been in force against Laredo since Sept. 26. During the prevalence of the epidemic there have been 1,025 cases, 99 of which resulted fatally. When the governor's proclamation was issued there was a great demonstration. Flags were displayed on all public buildings, bells were rung and steam whistles blown throughout the city.

Soldiers' Body Finally Interred.

St. Louis, Dec. 1.—After being lost and then shipped back and forth for almost two weeks between New York, Philadelphia and Pittsburg, the body of Corporal William J. Fitzmaurice, a soldier who died in the Philippine islands, was received at Jefferson barracks. The body reached St. Louis Friday, but again was lost, and only discovered Monday. The body was taken to Jefferson barracks, where interment was made.

Lost Life Trying to Save Another.

Syracuse, N. Y., Dec. 1.—George A. Clark, aged 17, and Charles Stewart, aged 12, while skating were drowned. Stewart with a companion was skating when the ice broke. Clark, who was on the bank, jumped in and saved one boy, but became exhausted before reaching the shore with Stewart and both perished.

Sir Frederick Bramwell Dead.

London, Dec. 1.—Sir Frederick Joseph Bramwell, former president of the institution of civil engineers and civil member of the ordnance committee since its organization in 1881, is dead, aged 85 years.

Hospital Cottage Burned.

Gallipolis, O., Dec. 1.—Fifty inmates of cottage B, Ohio hospital for epileptics, narrowly escaped from a fire which destroyed the cottage. The financial loss is small.

THE HORSEMEN AND THE COASTERS

Mayor to Determine What Special Privileges Shall Be Given Them.

Mayor Weaver was busy today trying to determine what street he will allow horsemen to race on during the winter, and what hills he will turn over to children for coasting. It has been the custom of the mayor to grant certain privileges during snow seasons and the present incumbent being desirous of continuing the custom, asked that a resolution be passed by council authorizing him to designate the thoroughfares. The resolution was prepared by Councilman H. E. Bullock and passed last evening. It reads as follows:

"Be it resolved by the council of the city of East Liverpool that the mayor of said city be given the right to suspend the ordinance prohibiting sled riding on the streets and also drving faster than the prescribed rate of speed for sleighs during the time there is sufficient snow on the ground for racing. This suspension to be placed in the hands of the mayor in order that he may use his judgment as to what streets and during what hours the suspension will be in effect and the mayor will also notify the public when and where the suspension shall be in force."

The mayor will also decide the hours and days the special permission is to be valid.

LATEST KRUGER STORY IS A SILLY FAKE

Alleged Confessions of Many Crimes Concocted to Boom Sale of His Book.

Greensburg, Pa., December 1.—The story emanating from a mysterious source to the effect that Charles E. Kruger, alias Rand Culver, formerly of East Liverpool, who is to be hanged in the county prison on January 14 next for the murder of Constable Bierer, had confessed that he murdered two policemen in Chicago, and as many as 16 citizens of Kentucky previous to the murder committed here, is looked upon as quite a joke even by the murderer himself. It is given out that the story has been concocted for the purpose of selling a yellow-backed alleged history of the murderer's life.

Kruger's whole career has been accounted for from the day he arrived from Germany at Homestead, Pa., four years ago. He spent three years in the Western penitentiary for burglary and most of the balance of the time in prison at Canton, O., and in the mines and jail in this county.

ORDERS OF COURT

In Relation to Several Cases Which Are Pending in Common Pleas.

Liston, December 1.—(Special.)—In the foreclosure case of Annie E. Riece, administratrix, vs. Sarah Elge et al., sale of real estate has been confirmed and the sheriff ordered to make distribution of the proceeds as follows: To the plaintiff, the amount of her judgment, $146.67, with interest from September 28, 1903, and the remainder, if any, to the defendant, L. M. Kyes, administrator of the estate of Henry Elge, deceased.

In the case of Sesskind Katz et al., as executors, vs. George L. Selzner et al., motions by the defendants that the action be dismissed as to each of them respectively for want of jurisdiction, are overruled. Leave is given George L. Selzner to plead instanter.

In the case of Belle Tullis vs. William J. McMillan, Jacob Culp is made a party defendant on his own motion, with leave to answer instanter.

In the partition proceedings of William H. Hoffmaster vs. Lucy J. Hoffmaster et al., Salem premises abutting on a private street laid out by B. S. Ambler have been appraised at $650 and tract No. 2, known as lot 19, Nort Lima, appraised at $450. The plaintiff and the defendant have respectively elected to accept the appraisement and the tracts.

LODGE NOTES

THOMAS BAKERY TROUBLES

The Subject of Further Contention in Court, Five Lawyers Arguing.

Lisbon, December 1.—(Special.)—The troubles of the Thomas Bakery company, which was in business in East Liverpool and Salem about a year ago, are still the subject of some contention in court. Arguments from five attorneys were heard by Judge Hole yesterday afternoon relative to the question as to whether the proceeds of the sale of a soda fountain and a cash register shall be administered by the receiver for the benefit of all the creditors or whether the parties who made conditional sales of the articles to the bakery company shall have all the proceeds applied to the payment of what is yet due them.

The judge took the matter under advisement.

SAYS REPORT IS UNFAIR.

Former Postoffice Official Wants a Chance to Sue Bristow for Libel.

Washington, Dec. 1.—Michael W. Louis, former superintendent of the division of postoffice supplies, made the following statement concerning the reference to himself in the Bristow report:

"Mr. Bristow has taken an unfair advantage, relying upon the immunity that his position affords him. I, however, challenge him to make the statement contained in the report over his own signature and have the same published, so that it will give me opportunity to enter suit against him for libel, so that the case can be properly heard and witnesses examined. I will in return for this guarantee not to accept any damages that a jury may award me, but will be satisfied to simply show the baselessness of his statements."

Louis Kempner denied the truth of the charges made by Mr. Bristow against himself and said he would issue a detailed statement showing this.

"The statement of General Bristow that manifold books were lavishly used during my administration," he added, "cannot be borne out by the records of the office of the third assistant postmaster general, and furthermore I have no means of verifying the figures named in the report, as I have never had anything to do with the purchasing of or paying for these books."

"Be it resolved by the council of the city of East Liverpool that the mayor of said city be given the right to suspend the ordinance prohibiting sled riding on the streets and also drving faster than the prescribed rate of speed for sleighs during the time there is sufficient snow on the ground for racing. This suspension to be placed in the hands of the mayor in order that he may use his judgment as to what streets and during what hours the suspension will be in effect and the mayor will also notify the public when and where the suspension shall be in force."

The mayor will also decide the hours and days the special permission is to be valid.

LATEST KRUGER STORY IS A SILLY FAKE

Alleged Confessions of Many Crimes Concocted to Boom Sale of His Book.

Greensburg, Pa., December 1.—The story emanating from a mysterious source to the effect that Charles E. Kruger, alias Rand Culver, formerly of East Liverpool, who is to be hanged in the county prison on January 14 next for the murder of Constable Bierer, had confessed that he murdered two policemen in Chicago, and as many as 16 citizens of Kentucky previous to the murder committed here, is looked upon as quite a joke even by the murderer himself. It is given out that the story has been concocted for the purpose of selling a yellow-backed alleged history of the murderer's life.

Kruger's whole career has been accounted for from the day he arrived from Germany at Homestead, Pa., four years ago. He spent three years in the Western penitentiary for burglary and most of the balance of the time in prison at Canton, O., and in the mines and jail in this county.

ORDERS OF COURT

In Relation to Several Cases Which Are Pending in Common Pleas.

Lisbon, December 1.—(Special.)—In the foreclosure case of Annie E. Riece, administratrix, vs. Sarah Elge et al., sale of real estate has been confirmed and the sheriff ordered to make distribution of the proceeds as follows: To the plaintiff, the amount of her judgment, $146.67, with interest from September 28, 1903, and the remainder, if any, to the defendant, L. M. Kyes, administrator of the estate of Henry Elge, deceased.

In the case of Sesskind Katz et al., as executors, vs. George L. Selzner et al., motions by the defendants that the action be dismissed as to each of them respectively for want of jurisdiction, are overruled. Leave is given George L. Selzner to plead instanter.

In the case of Belle Tullis vs. William J. McMillan, Jacob Culp is made a party defendant on his own motion, with leave to answer instanter.

In the partition proceedings of William H. Hoffmaster vs. Lucy J. Hoffmaster et al., Salem premises abutting on a private street laid out by B. S. Ambler have been appraised at $650 and tract No. 2, known as lot 19, Nort Lima, appraised at $450. The plaintiff and the defendant have respectively elected to accept the appraisement and the tracts.

THOMAS BAKERY TROUBLES

The Subject of Further Contention in Court, Five Lawyers Arguing.

Lisbon, December 1.—(Special.)—The troubles of the Thomas Bakery company, which was in business in East Liverpool and Salem about a year ago, are still the subject of some contention in court. Arguments from five attorneys were heard by Judge Hole yesterday afternoon relative to the question as to whether the proceeds of the sale of a soda fountain and a cash register shall be administered by the receiver for the benefit of all the creditors or whether the parties who made conditional sales of the articles to the bakery company shall have all the proceeds applied to the payment of what is yet due them.

The judge took the matter under advisement.

SAYS REPORT IS UNFAIR.

Former Postoffice Official Wants a Chance to Sue Bristow for Libel.

Washington, Dec. 1.—Michael W. Louis, former superintendent of the division of postoffice supplies, made the following statement concerning the reference to himself in the Bristow report:

"Mr. Bristow has taken an unfair advantage, relying upon the immunity that his position affords him. I, however, challenge him to make the statement contained in the report over his own signature and have the same published, so that it will give me opportunity to enter suit against him for libel, so that the case can be properly heard and witnesses examined. I will in return for this guarantee not to accept any damages that a jury may award me, but will be satisfied to simply show the baselessness of his statements."

Louis Kempner denied the truth of the charges made by Mr. Bristow against himself and said he would issue a detailed statement showing this.

"The statement of General Bristow that manifold books were lavishly used during my administration," he added, "cannot be borne out by the records of the office of the third assistant postmaster general, and furthermore I have no means of verifying the figures named in the report, as I have never had anything to do with the purchasing of or paying for these books."

Prairie Fires Raging.

Guthrie, Okla., Dec. 1.—Prairie fires are raging in the western part of Caddo county, south of the Washita river. Many homes are reported to have been burned between Fort Cobb and Anadarko. The fire took a path five to six miles wide, destroying everything in its path, though so far no lives are reported lost.

MAYOR AN EXILE.

Tramp Elected as a Joke Arrested for Drunkenness at Akron.

Akron, O., Dec. 1.—Mayor faced mayor in police court when Alonzo Weed, the "joke mayor" of Amesville, O., was arraigned for intoxication. When arrested he was cold, dirty, ragged, his clothing soaking wet and his shoes full of water. He had an encounter with hoboes, was thrown into the canal and claimed he was robbed.

"I always let 'em off easy when they come before me," said Weed when he faced Mayor Kempel. "Mayors always treated me well," he added.

"That puts it up to me pretty strong," said Mayor Kempel, and he discharged Alonzo.

Weed had walked from Canton to Akron. He is a tramp and was elected mayor of Amesville last spring as a joke. Though efforts were made to oust him, Governor Nash refused to interfere. Alonzo disappeared some time ago.

"I'm not a tramp," he said when he left the court room. "I'm just seeing the world. I'm still mayor of Amesville, but I won't go back."

HOME AFFAIRS

Brief Notes of a Personal Nature And of Matters About Town.

Keystone State Due—The Keystone State, on the Queen City's time, is due at the local wharf tonight at 8 o'clock. The river is falling slowly.

Valuable Horse Dead—A valuable black horse, the property of Undertaker C. N. Miller, died a few nights ago, after being ill a few hours. This is the third horse Mr. Miller has lost in less than two years.

Recent Arrivals—A daughter was born Sunday to Mr. and Joseph Eiselman, of Greasley street, and a daughter yesterday to Mr. and Mrs. Fred Goppert, of Thompson Hill. A son was born this morning to Mr. and Mrs. J. S. Reed, of Trentvale street.

Will Preach Sunday—Rev. C. L. Bradshaw, of Brockwayville, Pa., will occupy the pulpit at the First Presbyterian church next Sunday morning and evening. Mr. Bradshaw was brought up in Allegheny county, Pa., and is a talented minister.

Charged With Gambling—John McFadden, proprietor of a saloon on Walnut street, and John Ealy, a customer of McFadden's, were placed under arrest last evening by Officer Morris, charged with shaking dice. They will appear before the mayor this evening at 7 o'clock.

Says His Wife Left—Thomas Wright appeared at the city hall last evening and imparted a long tale of woe to Chief Wyman and others concerning the manner he has been treated by his wife during the past few days. He stated that she left him because of a fight, the blame of which, according to him, rests entirely on her. The chief did not give the man's statements much credence and will take no action for the present.

EIGHT-HOUR ACT STANDS.

Supreme Court Decides the Kansas Law Is Valid.

Washington, Dec. 1.—The supreme court of the United States sustained the validity of the Kansas act prescribing eight hours as a lawful day's work on all public works.

The Kansas law, whose validity was called into question in the suit, was enacted in 1891 and provided that eight hours should constitute a day's work for workmen employed by or on behalf of the state, or by any county or city or other municipality in the state. It also prohibits contractors from requiring laborers engaged on work for the state to perform more than eight hours labor in a day. Both fine and imprisonment are provided for violation of the law.

The case decided was that of W. W. Atkins vs the state of Kansas. Atkins had a contract with the corporation of Kansas City, Kan., for paving a street and he was charged with requiring a workman named Rews to labor 10 hours a day. He was prosecuted in the state courts, where the decisions were uniformly against him. Atkins appealed from the decision of the state supreme court to the federal supreme court, alleging that the statute is in violation of the first section of the fourteenth amendment to the constitution in that it denied him due protection of the law and deprived him of his property without due process.

Men Blown to Fragments.

Carthage, Mo., Dec. 1.—The mix house of the Independent Powder company's plant, five miles southwest of Carthage, blew up, instantly killing the two mixers, Lester Ridge and Bert Cobb, and seriously if not fatally injuring four other men. Ridge and Cobb recently came here from Emporium, Pa. They were in the mix house compounding by hand nitroglycerin with the other ingredients of dynamite, when 500 pounds of the material, which was in a wooden trough, exploded. The two men were blown to bits and only a few pieces were left.

On Trial for Poisoning Brother.

Cadillac, Mich., Dec. 1.—Mrs. Mary McKnight, of Fife Lake, was placed on trial on the charge of murdering her brother, John Murphy, by poison. The case was brought here on a change of venue from Kalkaska county, where it was found impossible to get a jury. The deaths of Murphy's wife and child will figure prominently in the trial and still other suspicious deaths have been connected with Mrs. McKnight's name.

LIBRARY PATRONAGE

Showed a Healthy Increase in November—More New Books.

Miss Gertrude Baker, librarian of Carnegie public library, makes an excellent report for the month of November. The number of books loaned for the month was 4,425, which was 400 more books loaned than in November of last year and this is an average of 77 books loaned a day during the month. The turnstile registered 9,234 for the month and the circulation of books was 4,270.

The large number of visitors at the library during the sessions of the Eastern Ohio Teachers' association cannot be exactly estimated, but the figure is placed at about 800. There were 2,000 more people visited the library this November than the same month last year. There are 80 new members added this month.

A large number of books have been received in the Badley club library and will soon be ready for circulation.

The time for the next meeting of the library board will be next Friday evening.

Knapp Can Live 30 Days Longer.

Hamilton, O., Dec. 1.—The circuit court has granted the motion for a stay of execution of the sentence of death passed upon Alfred A. Knapp for the murder of his wife. The execution was set for Dec. 11, and a stay has been granted for 30 days.

Columbus Attorney Kills Himself.

Columbus, O., Dec. 1.—C. P. L. Butler, a well known attorney, committed suicide by shooting himself in the head. His act is attributed to melancholia. He was a bachelor 47 years old, and prominent in club and social circles.

SOCIAL EVENTS

Masquerade Party.

A brillant social event of local interest was held at the beautiful home of Mr. and Mrs. F. A. Sebring on Ohio avenue, Sebring, Friday evening, by their charming daughter, Miss Helen Sebring, to a number of her young lady friends.

The affair was given in honor of Miss Helen's guests, Misses Marguerite Barnes and Anna Rigby, of East Liverpool, who have been visiting at the Sebring home since last Wednesday. The costumes worn by the young ladies were very unique and gave evidence of good tasty ideas. The various guests were dressed as Janice Meredith, Sis Hopkins, "Topsy," an Indian girl, ballet dancer, military cadet and gypsy maid. Miss Elsie Sebring was awarded the prize for the best original verse of poetry. The prize was a handsome bouquet of chrysanthemums.

At 11 o'clock a dainty and toothsome luncheon was served after which Charles Sebring took several flash light photographs of the jolly crowd. Among those present were: Miss Ethel Shilling, of Alliance, Misses Marguerite Barnes and Anna Rigby, of East Liverpool, and Misses Carolyn Newlin, Ruth Hartzell, Lenore Newlin, Bessie Newlin and Hazel and Elsie Sebring, of Sebring.

Heptasophs' Banquet.

A pleasant time was had last evening by about 20 members of Ogden Conclave No. 277, Improved Order of Heptasophs, at the eleventh annual banquet given at Johnston's cafe, on Market street. The banquet was given in honor of Robert Johnson, supreme deputy organizer, of Johnstown, Pa. After enjoying an elegant five-course supper, the crowd was entertained with short addresses by Rev. Dr. M. B. Pratt, Robert Johnson, John Hall and W. A. Bean. N. T. Ashbaugh was toastmaster.

New Century Club.

The New Century club will meet on next Saturday afternoon at the residence of Mrs. W. L. Thompson, near Thompson park. The meeting promises to be of great interest, and several papers will be read, one by Mrs. George Smith. Mrs. William Wilson will have "Current Events" of the day, when a review of facts which are at present interesting the country will be discussed. The number of members in the New Century club does not exceed 20, however, the literary work of the club has been very successful.

State Inspector Present.

The Ladies of the G. A. R., McCoy circle No. 33, held a meeting this afternoon at 2 o'clock in G. A. R. hall. Mrs. Freeman, of Spencer, Ohio, was present and inspected the work of the circle and commended the meritorous effort of the members of the organization. Mrs. Freeman was elected department inspector of Ohio in Marietta last fall. While in the city she will be the guest of Mrs. Fannie Wyllie, of Sixth street.

Rigby-Hickey.

Mrs. Nellie E. Rigby and Prof. J. P. Hickey were married last Thursday at the home of the bride in New Brighton. The ceremony was performed by Rev. W. H. McKinney. Prof. Hickey was a former resident of this city and is held in high esteem here. He has been eminently successful in his musical work. His bride was the widow of the late W. M. Rigby, and also possesses a wonderful talent for music.

Church Societies Met.

The Ladies' Guild and the Girls' Friendly societies of St. Stephen's church met last evening in the church parish. Several new members were received into the Girls' Friendly society. Some of the time was spent in basket weaving. This work was begun last winter by the girls, and will be continued until a collection of pretty baskets have been finished for Christmas.

A 6 O'Clock Dinner.

Mrs. E. D. Moore was last evening the admirable hostess at a 6 o'clock dinner at which a number of her friends were present. Mrs. Mateer, wife of Prof. Mateer, of Wooster University, was the guest of honor and the evening was one of unalloyed enjoyment.

Special Session.

The Woman's Home Missonary society of the First M. E. church will meet in special session this evening at 7 o'clock at the home of Mrs. Frank Crook on Fifth street. The meeting will be called for the purpose of making arrangements for giving a supper for Dr. Pratt's Sunday school class.

Masquerade Ball.

Invitations will be out in a few days for a swell masquerade dance to be given by the National club at its rooms in the First National bank building. The committee having the affair in charge will spare no pains in making it one of the most enjoyable of the season.

Missionary Society.

The Woman's Home Missionary society will meet in the First M. E. church tomorrow afternoon, when the time will be occupied in sewing. All members are invited to be present.

Willing Workers.

The Willing Workers of St. John's church will meet this week Thursday at the residence of Mrs. Fred Oschmann, on Walnut street.

Vanilla.

"As much as 300 per cent profit has been made on vanilla in good years."—British Foreign Office Report, No. 385, page 18.

"So convinced are we of the supremacy of the Mexican bean over all others, that in the manufacture of our vanilla extract we use it exclusively."—The Joseph Burnett Company, of Boston, largest manufacturers of vanilla extract in the world.

"Watch the men engaged in the manufacture of rubber, and as the years go by you will see them amassing splendid fortunes. The opportunities are as great today as ever in the history of the world, and I firmly believe that rubber furnishes the greatest."—Andrew Carnegie.

MAYOR AN EXILE.

Tramp Elected as a Joke Arrested for Drunkenness at Akron.

Akron, O., Dec. 1.—Mayor faced mayor in police court when Alonzo Weed, the "joke mayor" of Amesville, O., was arraigned for intoxication. When arrested he was cold, dirty, ragged, his clothing soaking wet and his shoes full of water. He had an encounter with hoboes, was thrown into the canal and claimed he was robbed.

"I always let 'em off easy when they come before me," said Weed when he faced Mayor Kempel. "Mayors always treated me well," he added.

"That puts it up to me pretty strong," said Mayor Kempel, and he discharged Alonzo.

Weed had walked from Canton to Akron. He is a tramp and was elected mayor of Amesville last spring as a joke. Though efforts were made to oust him, Governor Nash refused to interfere. Alonzo disappeared some time ago.

"I'm not a tramp," he said when he left the court room. "I'm just seeing the world. I'm still mayor of Amesville, but I won't go back."

NATIONAL CAPITAL NOTES

Sir Henry Mortimer Durand, the new British ambassador, has arrived in Washington.

Germany has recognized the republic of Panama as a sovereign and independent state.

Captain John E. Pillsbury formally took charge of the office of assistant chief of the bureau of navigation, relieving Captain W. S. Cowles, brother-in-law of the president, who has been assigned to command the new battleship Missouri.

HOME AFFAIRS

Brief Notes of a Personal Nature And of Matters About Town.

Keystone State Due—The Keystone State, on the Queen City's time, is due at the local wharf tonight at 8 o'clock. The river is falling slowly.

Valuable Horse Dead—A valuable black horse, the property of Undertaker C. N. Miller, died a few nights ago, after being ill a few hours. This is the third horse Mr. Miller has lost in less than two years.

Recent Arrivals—A daughter was born Sunday to Mr. and Joseph Eiselman, of Greasley street, and a daughter yesterday to Mr. and Mrs.' Fred Goppert, of Thompson Hill. A son was born this morning to Mr. and Mrs. J. S. Reed, of Trentvale street.

Will Preach Sunday—Rev. C. L. Bradshaw, of Brockwayville, Pa., will occupy the pulpit at the First Presbyterian church next Sunday morning and evening. Mr. Bradshaw was brought up in Allegheny county, Pa., and is a talented minister.

Charged With Gambling—John McFadden, proprietor of a saloon on Walnut street, and John Ealy, a customer of McFadden's, were placed under arrest last evening by Officer Morris, charged with shaking dice. They will appear before the mayor this evening at 7 o'clock.

Says His Wife Left—Thomas Wright appeared at the city hall last evening and imparted a long tale of woe to Chief Wyman and others concerning the manner he has been treated by his wife during the past few days. He stated that she left him because of a fight, the blame of which, according to him, rests entirely on her. The chief did not give the man's statements much credence and will take no action for the present.

EIGHT-HOUR ACT STANDS.

Supreme Court Decides the Kansas Law Is Valid.

Washington, Dec. 1.—The supreme court of the United States sustained the validity of the Kansas act prescribing eight hours as a lawful day's work on all public works.

The Kansas law, whose validity was called into question in the suit, was enacted in 1891 and provided that eight hours should constitute a day's work for workmen employed by or on behalf of the state, or by any county or city or other municipality in the state. It also prohibits contractors from requiring laborers engaged on work for the state to perform more than eight hours labor in a day. Both fine and imprisonment are provided for violation of the law.

The case decided was that of W. W. Atkins vs the state of Kansas. Atkins had a contract with the corporation of Kansas City, Kan., for paving a street and he was charged with requiring a workman named Rews to labor 10 hours a day. He was prosecuted in the state courts, where the decisions were uniformly against him. Atkins appealed from the decision of the state supreme court to the federal supreme court, alleging that the statute is in violation of the first section of the fourteenth amendment to the constitution in that it denied him due protection of the law and deprived him of his property without due process.

Men Blown to Fragments.

Carthage, Mo., Dec. 1.—The mix house of the Independent Powder company's plant, five miles southwest of Carthage, blew up, instantly killing the two mixers, Lester Ridge and Bert Cobb, and seriously if not fatally injuring four other men. Ridge and Cobb recently came here from Emporium, Pa. They were in the mix house compounding by hand nitroglycerin with the other ingredients of dynamite, when 500 pounds of the material, which was in a wooden trough, exploded. The two men were blown to bits and only a few pieces were left.

On Trial for Poisoning Brother.

Cadillac, Mich., Dec. 1.—Mrs. Mary McKnight, of Fife Lake, was placed on trial on the charge of murdering her brother, John Murphy, by poison. The case was brought here on a change of venue from Kalkaska county, where it was found impossible to get a jury. The deaths of Murphy's wife and child will figure prominently in the trial and still other suspicious deaths have been connected with Mrs. McKnight's name.

LIBRARY PATRONAGE

Showed a Healthy Increase in November—More New Books.

Miss Gertrude Baker, librarian of Carnegie public library, makes an excellent report for the month of November. The number of books loaned for the month was 4,425, which was 400 more books loaned than in November of last year and this is an average of 77 books loaned a day during the month. The turnstile registered 9,234 for the month and the circulation of books was 4,270.

The large number of visitors at the library during the sessions of the Eastern Ohio Teachers' association cannot be exactly estimated, but the figure is placed at about 800. There were 2,000 more people visited the library this November than the same month last year. There are 80 new members added this month.

A large number of books have been received in the Badley club library and will soon be ready for circulation.

The time for the next meeting of the library board will be next Friday evening.

Knapp Can Live 30 Days Longer.

Hamilton, O., Dec. 1.—The circuit court has granted the motion for a stay of execution of the sentence of death passed upon Alfred A. Knapp for the murder of his wife. The execution was set for Dec. 11, and a stay has been granted for 30 days.

Columbus Attorney Kills Himself.

Columbus, O., Dec. 1.—C. P. L. Butler, a well known attorney, committed suicide by shooting himself in the head His act is attributed to melancholia. He was a bachelor 47 years old, and prominent in club and social circles.

SOCIAL EVENTS

Masquerade Party.

A brillant social event of local interest was held at the beautiful home of Mr. and Mrs. F. A. Sebring on Ohio avenue, Sebring, Friday evening, by their charming daughter, Miss Helen Sebring, to a number of her young lady friends.

The affair was given in honor of Miss Helen's guests, Misses Marguerite Barnes and Anna Rigby, of East Liverpool, who have been visiting at the Sebring home since last Wednesday. The costumes worn by the young ladies were very unique and gave evidence of good tasty ideas. The various guests were dressed as Janice Meredith, Sis Hopkins, "Topsy," an Indian girl, ballet dancer, military cadet and gypsy maid. Miss Elsie Sebring was awarded the prize for the best original verse of poetry. The prize was a handsome bouquet of chrysanthemums.

At 11 o'clock a dainty and toothsome luncheon was served after which Charles Sebring took several flash light photographs of the jolly crowd. Among those present were: Miss Ethel Shilling, of Alliance, Misses Marguerite Barnes and Anna Rigby, of East Liverpool, and Misses Carolyn Newlin, Ruth Hartzell, Lenore Newlin, Bessie Newlin and Hazel and Elsie Sebring, of Sebring.

Heptasophs' Banquet.

A pleasant time was had last evening by about 20 members of Ogden Conclave No. 277, Improved Order of Heptasophs, at the eleventh annual banquet given at Johnston's cafe, on Market street. The banquet was given in honor of Robert Johnson, supreme deputy organizer, of Johnstown, Pa. After enjoying an elegant five-course supper, the crowd was entertained with short addresses by Rev. Dr. M. B. Pratt, Robert Johnson, John Hall and W. A. Bean. N. T. Ashbaugh was toastmaster.

New Century Club.

The New Century club will meet on next Saturday afternoon at the residence of Mrs. W. L. Thompson, near Thompson park. The meeting promises to be of great interest, and several papers will be read, one by Mrs. George Smith. Mrs. William Wilson will have "Current Events" of the day, when a review of facts which are at present interesting the country will be discussed. The number of members in the New Century club does not exceed 20, however, the literary work of the club has been very successful.

State Inspector Present.

The Ladies of the G. A. R., McCoy circle No. 33, held a meeting this afternoon at 2 o'clock in G. A. R. hall. Mrs. Freeman, of Spencer, Ohio, was present and inspected the work of the circle and commended the meritorous effort of the members of the organization. Mrs. Freeman was elected department inspector of Ohio in Marietta last fall. While in the city she will be the guest of Mrs. Fannie Wyllie, of Sixth street.

Rigby-Hickey.

Mrs. Nellie E. Rigby and Prof. J. P. Hickey were married last Thursday at the home of the bride in New Brighton. The ceremony was performed by Rev. W. H. McKinney. Prof. Hickey was a former resident of this city and is held in high esteem here. He has been eminently successful in his musical work. His bride was the widow of the late W. M. Rigby, and also possesses a wonderful talent for music.

Church Societies Met.

The Ladies' Guild and the Girls' Friendly societies of St. Stephen's church met last evening in the church parish. Several new members were received into the Girls' Friendly society. Some of the time was spent in basket weaving. This work was begun last winter by the girls, and will be continued until a collection of pretty baskets have been finished for Christmas.

A 6 O'Clock Dinner.

Mrs. E. D. Moore was last evening the admirable hostess at a 6 o'clock dinner at which a number of her friends were present. Mrs. Mateer, wife of Prof. Mateer, of Wooster University, was the guest of honor and the evening was one of unalloyed enjoyment.

Special Session.

The Woman's Home Missonary society of the First M. E. church will meet in special session this evening at 7 o'clock at the home of Mrs. Frank Crook on Fifth street. The meeting will be called for the purpose of making arrangements for giving a supper for Dr. Pratt's Sunday school class.

Masquerade Ball.

Invitations will be out in a few days for a swell masquerade dance to be given by the National club at its rooms in the First National bank building. The committee having the affair in charge will spare no pains in making it one of the most enjoyable of the season.

Missionary Society.

The Woman's Home Missionary society will meet in the First M. E. church tomorrow afternoon, when the time will be occupied in sewing. All members are invited to be present.

Willing Workers.

The Willing Workers of St. John's church will meet this week Thursday at the residence of Mrs. Fred Oschmann, on Walnut street.

Vanilla.

"As much as 300 per cent profit has been made on vanilla in good years."—British Foreign Office Report, No. 385, page 18.

"So convinced are we of the supremacy of the Mexican bean over all others, that in the manufacture of our vanilla extract we use it exclusively."—The Joseph Burnett Company, of Boston, largest manufacturers of vanilla extract in the world.

"Watch the men engaged in the manufacture of rubber, and as the years go by you will see them amassing splendid fortunes. The opportunities are as great today as ever in the history of the world, and I firmly believe that rubber furnishes the greatest."—Andrew Carnegie.
